# Fairground Tract Here Fails To Sell At Public Auction

The Fayette County Fairground tract of approximately 47 acres was offered for sale at public auction Monday afternoon—but there were no bidders.

The tract, appraised at \$108,250, adjoins the city west of Fairview Ave. It was ordered sold in partition by the Common Pleas Court in the case of Earl Leroy Scott et. al against H. E. Wilson.

Wilson had acquired a third interest in the tract from Clarence Wohlfiel, one of the heirs to the estate of Estella M. Scott. The Fairground is a part of her estate. The other two-thirds interest in the tract is held by Harry Crone, son-in-law of Mrs. Scott, and Mrs. Edith Scott the widow of Earl Scott who died after the litigation had been started.

FOUR ALTERNATIVES now appear possible in carrying out the

court's order for sale in partition to settle the estate of Mrs. Scott: (1) The tract may be offered again; (2) the court may order reappraisal and another offer for sale; (3) the court may order its sale without a reappraisal at a sum not less than that fixed by the court and (4) private sale by the parties involved, but this would have to have the court's approval.

Sheriff Orland Hays offered the tract to the highest bidder from the steps of the courthouse facing Court St. at 2 p. m. Monday. There was a gathering of approximately 50 persons, including most of the Fair directors, when Sheriff Hays started the monotonous reading of the technical description of the tract from the legal notice.

He explained that the tract was to be sold subject to a 20-year lease

# Warning Issued By Economists Against Tax Cut

Inflation Viewed As No. 1 Problem By Some Experts

WASHINGTON (AP)—There is still "zip" in the nation's economy, but not sufficient to warrant hasty income tax reduction.

This was the virtually unanimous opinion of economists and businessmen whose testimony Monday launched a two-week probe of the state of the nation's business health and what to do about tax cuts and monetary policy. Another group was to appear today.

Of the first day's testimony before a Senate House Economic subcommittee, Chairman Mills (D-Ark.) said: "The conclusion I reached is that the economic situation does not offer justification for immediate tax reduction."

He said it was significant that "both the extremes of business and labor" were in agreement that inflation posed a troublesome problem in fixing future monetary and tax policies.

"The testimony clearly indicated that the buoyancy of the economy is somewhat reduced, but there is enough zip left that the relaxation of monetary policy (credit curbs) reduction of taxes would only serve to intensify inflationary pressures."

COMMENTING on the opinions of a panel of six experts, Mills summed up this way:

1. Inflation for the next year or two may be the No. 1 economic problem of the government, a result of spiraling prices, wages and living costs.

2. A reduction in government spending of a billion or two will have little effect on the economic picture.

3. Only with budget cuts of "substantial" nature (somewhere between three and five billion dollars) would present high interest rates have to be reduced or taxes cut.

The panel of businessmen and economists Monday agreed that easing of the government's "tight money" policy, or "substantial" tax reduction, would be dangerously inflationary in the present economic situation.

They were equally agreed that business activity was nearing a "plateau" with future economic advances likely to be limited.

Walter E. Hoadley, treasurer of Armstrong Cork Co., told the committee that the postwar rise in the economy appeared to be in an "interim period" of adjustment before another upward push a year or two hence.

Inflation, he declared, is now "the No. 1 economic problem" at a time of rising prices and a "cresting" of economic expansion. "More inflation seems almost certain, but how long it will persist is not clear," he testified.

# New Liquor Agency Chief Named

COLUMBUS (AP)—Raymond J. Ripberger, 51, today became chief of the Enforcement Division of the Ohio Department of Liquor Control, succeeding Capt. Floyd Moon who returns to his post with the Ohio Highway Patrol.

Ripberger has been assistant chief of the division since May 1.

He retired April 30 as agent-in-charge of the U. S. Narcotics Bureau's northeastern and western Ohio district.

# Ike To Get Detailed Report Of Dissension Within GOP

WASHINGTON (AP)—Republican leaders were to take to President Eisenhower today a report of GOP dissension over his spending program and of the difficulties ahead in trying to regain control of Congress in 1958.

As a preliminary to a party rally in Washington Thursday and Friday, Eisenhower arranged to see National Chairman Meade Alcorn and congressional campaign chairman at the White House.

Subsequent public statements were expected to stress party unity behind the Eisenhower legislative program and to reflect optimism about GOP chances of regaining the House and Senate.

But some Republicans said that Alcorn, Sen. Schoeppel of Kansas and Rep. Simpson of Pennsylvania view the party revolt against the President's \$71,800,000,000 spending budget more seriously than they are willing to say publicly.

Alcorn said he has reports from party chairmen in some areas of the country that raising money has become more difficult because of

resistance to the President's spending plans.

"THE MONEY is not flowing in as rapidly as we would like," he said. He added, however, that Republicans still have a nest egg in the bank and the party is not "broke."

House Republicans were hopeful, meanwhile, that a forthcoming series of White House breakfasts would be more productive politically than was a luncheon session with Eisenhower Monday.

The half-hour luncheon, sponsored by House Republican Leader Martin of Massachusetts and held in the old House Office Building, was pronounced a social success by most of the 175-odd Republicans who attended it.

But there was no chance for any down-to-earth political discussions. Martin said it was intended as "just a friendly get-together."

Eisenhower, in a one-minute speech disclosed plans for a series of five breakfast meetings to give party members in the House a chance to exchange ideas and unload any complaints.

# U.S. Surrenders to Japan In Dispute over Soldier

## Little League, Babe Ruth Seasons Open

The 1957 Little League baseball season here got off with a bang Monday evening as the Record-Herald Flashes beat the Mac Dews Realtors, 10-4.

The inaugural game was the main attraction of the opening Little League season.

The pledges were repeated by the Little Leaguers and the Star Spangled banner was played as the flag was raised in centerfield.

THE TRADITIONAL first ball was thrown in by City Manager

James F. Parkinson. Realtor catcher Jimmy Fletcher crouched for Parkinson's first pitch. The right-handed city manager got his signals and fired the sphere towards the plate. "Ball One!" cried the crowd.

The Realtors and Flashes took the field and Gerald Mosley, Realtor pitcher, got ready to pitch to the first batter of the game. Myron Lambert Lambert hit a sharp single to centerfield and the 1957

## Babe Ruth Season Launched at Jeff

The 1957 Babe Ruth League season also got underway at Jeffersonville Monday evening as the Insurance Assn. Seals of Washington C. H. lost to the Jeff boys, 2-0. The 1957 season will open in Washington C. H. Wednesday with Girton's Frozen Food Lockers meeting the Medics at the Babe Ruth Park on Oakland Ave. across from the swimming pool.

(For details of the Jeff-Seals game, turn to Sports)

League festivities which began with a parade and ended with the last batter out of the sixth inning.

The parade formed at the Courthouse and moved to Wilson Field. In the procession were all the Little Leaguers (minor and major league), the umpires in full dress, Little League officials, and a few members of the WHS Band.

All Little Leaguers assembled on the diamond at Wilson Field and the invocation was given by the Rev. W. Neil Hand, of the First Presbyterian Church. George Finley, president of the Little League Assn., read the Little League

## Sabina Bank President Dies

William H. Snider, Stricken Tuesday

SABINA—William H. Snider, 70, president of the First National Bank of Sabina for more than 20 years, died unexpectedly at 8 a. m. Tuesday in his farm home near Greenfield.

Mr. Snider, who had appeared in perfect health at a meeting of the bank's board of directors Monday afternoon, collapsed after leaving the breakfast table—apparently of a heart attack.

He had retired as an active member of the bank staff on Jan. 1.

He was an active Mason, holding membership in the Blue Lodge at Sabina, the Scottish Rite at Cincinnati and Aladdin Temple, Columbus. He also was a member of the Lions Club, a former director of the Sabina Building and Loan Co., and a former member of the Sabina Cemetery Board.

He is survived by his wife, Florence; two daughters, Mrs. Marjorie Zimmerman, Route 1, Leesburg, and Mrs. Rosalie Stackhouse, Sabina; five grandchildren, three great-grandchildren and a brother, Herman Snider, Sabina.

Arrangements, which are incomplete, are in charge of the Littleton Funeral Home.

## Van Wert Readies Its Peony Festival

VAN WERT (AP)—Giant parades here Wednesday will highlight the traditional Peony Festival, an annual event expected to attract about 150,000 persons.

Gov. C. William O'Neill will crown Janice Prior, Van Wert blonde beauty, Queen Jubilee tonight. The Queen's Ball will follow the crowning ceremony.

Wednesday, 152 marching units including 37 floats and 59 bands and drum and bugle corps will parade at 2 and 8 p. m.

## Ammonia Fumes Rout 20 Weston Families

BOWLING GREEN (AP)—Eyeburning ammonia fumes curled through the nearby village of Weston from a leaking hose today and caused 20 families to temporarily evacuate their homes.

The source of the stench was a faulty hose through which anhydrous ammonia was being pumped from a railroad tank car into a tank at a road building supply firm.

# U. S. Solons Irked By Girard Ruling

WASHINGTON (AP)—A decision by the U. S. Defense and State Departments to turn over an American GI for trial by Japanese civilian courts has brought outcries from many members of Congress.

Involved is Army Specialist 3c William C. Girard of Ottawa LaSalle, Ill., accused by the Japanese of intentionally killing a Japanese woman who was gathering scrap metal on an Army firing range.

Threatened are the so-called "status of forces" treaties the United States has with many foreign countries.

The Girard case already had been taken up as a "cause" by most Japanese newspapers and leftist politicians.

The Japanese Embassy hailed the new ruling and expressed belief "the unfortunate affair will be amicably settled" through it.

Minister Takeshi Shimoda said "of course Japanese authorities will take the utmost care so that the trial will be conducted with the utmost fairness."

BUT REACTION among American lawmakers made it clear the matter is not finished.

Before more than bare outlines of the decision were generally known, Rep. Bow (R-Ohio) was denouncing it and demanding treaty revision.

Sen. Butler (R-Md) issued a statement demanding congressional re-examination of all status of forces agreements.

Boy asserted that Girard is "being sacrificed to Japanese nationalism" and said he will push for early adoption of his resolution for renegotiation of the agreements on servicemen's trials.

The House Foreign Affairs Committee has scheduled for June 13 a hearing on the Bow resolution calling on President Eisenhower to cancel or renegotiate the agreement.

Sen. Bricker (R-Ohio) described the Girard ruling as "the sacrifice of an American soldier to appease Japanese public opinion."

Chairman Vinson (D-Ga) of the House Armed Services Committee announced he has called for a complete report from Wilson. Vinson said he would not decide on committee action, nor comment on the case, until that report is in hand.

Rep. Mason (R-Ill) said the Girard decision is an "excellent example" of why the status of force treaties should be canceled.

Mason's district includes Girard's home.

SEN. DOUGLAS (D-Ill) said he was "disappointed" by the ruling. He has supported the status of force treaties but said the provision did not apply in the Girard case.

Although the announcement of the decision was made in the names of Wilson and Dulles, it applied to the Girard case.

## Richard Willis Gets Elections Board Nod

Richard R. Willis has been recommended by the Fayette County Republican Central Committee for appointment to the county Board of Elections to fill out the unexpired term of Harold Finley.

Finley resigned a month ago after he accepted a position with the state Highway Department. His term on the Board of Elections does not expire until March 1, 1958.

The committee recommendation was made to Secretary of State Ted Brown, who will make the appointment.

Other members of the bi-partisan board are M. L. Lyons, Roy Thompson and V. J. Kruse. Harold G. McLean is the clerk and Mrs. Ruth Witherspoon the deputy.

Since Finley is a Republican, his successor must be a Republican. Lyons and Kruse are the Democrats on the board and Thompson the other Republican.

# Bloodmobile Coming Monday; Quota for County Is 175 Pints

The mobile unit of the Red Cross blood bank will be in Washington C. H. Monday, from 10 a. m. until 4 p. m., at the First Presbyterian Church.

This will be the third call of the year here for the bloodmobile.

The Fayette County Professional Nurses Assn. is in charge of the recruiting of blood donors. Mrs. Charles Shaper is chairman of the committee and Mrs. Leonard Korn, 323 Gregg St., secretary of the Red Cross chapter here, is lending a hand with the details.

Mrs. Korn is keeping the list of appointments and the pledges; either may be made with her (phones 2-3681 or 2-2401). Nurses

# Another Budget Cut Predicted

Solon Says Ike's Next Request Must Be Low

WASHINGTON (AP)—Sen. Byrd (D-Va) predicted today the current economy drive will force President Eisenhower to cut his next budget even if spending remains high in the year ahead.

Byrd, who heads the Senate Finance Committee, expressed confidence Congress will make "significant" reductions in the more than \$73 billion in new money requests submitted by Eisenhower in January.

Actual government outlays are not fully controlled by the lawmakers' action on such requests. Previous Congresses have made available a huge backlog of funds on which the President can draw if he chooses to carry out his proposed \$71.8 billion spending program.

Byrd said this situation may prevent the kind of \$6½ billion lowering in spending he wants. Two congressional groups have forecast that spending will go even higher than Eisenhower estimated in January.

"But in my judgment the economy campaign is going to force the President to reduce his budget next year," Byrd said. "That will be an election year and unless he cuts spending, there won't be any room for the tax reduction the American people want."

CONGRESS SENT Eisenhower Monday a \$597,790,225 Commerce Department money bill which was

# Illinois GI To Stand Trial For Slaying

Death of Scavenger On Army Firing Range Back of Controversy

WASHINGTON (AP)—The United States surrendered to Japanese pressure today and agreed to turn over to Japan for trial the young American soldier accused of killing a Japanese woman gathering scrap on an Army firing range.

The joint announcement of the decision was made by Secretary of Defense Wilson and Secretary of State Dulles.

Involved in the incident is Army Specialist 3c William C. Girard, 21, of Ottawa-LaSalle, Ill.

The woman was Mrs. Naka Sakai, 46, one of many Japanese who eke out a living scavenging for metal on the firing range at So-magahara.

The woman was struck by an empty cartridge case fired from a grenade launcher last Jan. 30. The minimum sentence Girard faces if convicted under Japanese law is 2 years and the maximum is 15 years in prison.

If Girard had been brought before a U. S. court—martial—the charge probably would have been involuntary manslaughter with a maximum penalty of three years.

UNDER JAPANESE procedure the trial will be before a three-judge court, without a jury.

If custom is followed, Girard will be kept in U. S. custody during the trial and any appeal procedure. He will be taken to the Japanese courtroom only when trial proceedings are underway.

Girard said he "may" have fired the shot, but he denies he intended to hit anyone. He says he intended only to warn scavengers away from the area he had been directed to guard.

The status of forces agreement involved provides for trial in Japanese courts for offenses committed by U. S. servicemen not in the performance of "duty."

In the Girard case, for the first time in more than 14,000 incidents of alleged infractions of

# 9 Persons Die In Lamppost Bomb Blasts

ALGIERS (AP)—The death toll climbed to nine today from explosions that ripped apart three lampposts in downtown Algiers and sent jagged chunks of metal tearing into evening rush hour crowds.

Six persons died Monday night when time bombs placed in the cast iron bases of the big lampposts went off almost simultaneously.

They included five Europeans, among them two children, and one Algerian. More than 80 persons were injured in the crowds of terrified thousands.

Two Europeans, one a year-old boy and the other a young soldier, and a Moslem died today of their wounds.

The outburst was the first serious bombing incident in this capital of rebellious Algeria since 15 persons were killed and 60 wounded when two time bombs exploded in crowded football stadiums.

The lamppost explosions were concentrated in an area of about a dozen blocks. Each bomb was placed near a streetcar stop.

Several Algerians were seized as suspects by members of the angry crowds. Police rescued them from possible mob violence, held them in for investigation.

## Boy, 9, Reports

Deaths of Parents SANDUSKY (AP)—A 9-year-old boy called the sheriff's office early today to report that his father had shot and killed his mother and then committed suicide.

Sheriff's deputies found Leroy King, 9, and his wife, Kathryn, 59, dead in their farm residence on the outskirts of the city.

The son, Leroy Jr., was taken to the detention home pending the arrival of relatives. The boy said the shootings followed a quarrel between his parents.

# Tighter Antitrust Laws Predicted

WASHINGTON (AP)—Sen. O'Mahoney (D-Wyo) predicted today the court-decreed separation of Du Pont Co. from General Motors Corp. will give fresh impetus to antitrust bills in Congress.

The senator, who presided over a long inquiry into General Motors 1½ years ago, contends that his 1956 suggestions for dismembering GM, the world's biggest manufacturing firm, "should be followed through."

The high court's 4-2 decision Monday set off arguments on Capitol Hill and created some apparent confusion in industry. Sen. Frear (D-Del) said the ruling "could in my opinion have an adverse economic effect on the country at large."

"It seems to me the court has gone far and wide and found only the thinnest possible basis on which to reach its majority opinion," he said.

The court ruled that the huge chemical firm must give up its "commanding position" in General

# Part of City Has No Water For 5 Hours

Several hundred families in the southeastern section of Washington C. H. were without water from supertime until about 10 p. m. Monday as a result of a water break at the corner of Broadway and Grove Ave.

The break occurred about 4:30 p. m. when a wooden plug at the end of a T-section of the main line blew out. Roy Sword, acting foreman at the Ohio Water Service Co., said.

"Service was out from then until 9:30 a. m. 10 p. m.," Sword said. Area affected was from John St. to Columbus Ave., and from the east end of Court St. out to Lincoln Dr., Sword said.

Water had been leaking from the plug all day. Sword said, but water Co. officials had not been able to locate the leak when the break occurred.

The plug is of an old wooden variety that the water company no longer uses. Sword explained, saying that there are several of them still in service around the city.

"We'd replace them if we could, but we don't know exactly where they all are," Sword explained.

## Polio Epidemic Feared

BONN, Germany (AP)—The president of the West German Red Cross, Dr. Heinrich Weitz reported today medical authorities in Hungary fear a polio epidemic.

## Thursday Closing Plans Announced

A majority of the city's retail stores will be open from 9 a. m. until noon only on Thursdays during the summer months, Ralph Cook, president of Retail Committee of the Chamber of Commerce, disclosed Monday.

Some of the stores are planning special values on Thursday morning during the summer months, Cook pointed out.

All merchandise has been specially purchased for these weekly events and will be offered only on Thursday mornings.

## Fairground Tract Here Fails To Sell At Public Auction

The Fayette County Fairground tract of approximately 47 acres was offered for sale at public auction Monday afternoon—but there were no bidders.

The tract, appraised at \$108,250, adjoins the city west of Fairview Ave. It was ordered sold in partition by the Common Pleas Court in the case of Earl Leroy Scott et. al. against H. E. Wilson.

Wilson had acquired a third interest in the tract from Clarence Wohlfieter, one of the heirs to the estate of Estella M. Scott. The Fairground is a part of her estate.

The other two-thirds interest in the tract is held by Harry Crone, son-in-law of Mrs. Scott, and Mrs. Edith Scott the widow of Earl Scott who died after the litigation had been started.

FOUR ALTERNATIVES now appear possible in carrying out the

court's order for sale in partition to settle the estate of Mrs. Scott: (1) The tract may be offered again; (2) the court may order reappraisal and another offer for sale; (3) the court may order its sale without a reappraisal at a sum not less than that fixed by the court and (4) private sale by the parties involved, but this would have to have the court's approval.

Sheriff Orland Hays offered the tract to the highest bidder from the steps of the courthouse facing Court St. at 2 p. m. Monday.

There was a gathering of approximately 50 persons, including most of the Fair directors, when Sheriff Hays started the monotonous reading of the technical description of the tract from the legal notice.

He explained that the tract was to be sold subject to a 20-year lease (Please turn to page two)

## Warning Issued By Economists Against Tax Cut

Inflation Viewed As No. 1 Problem By Some Experts

WASHINGTON (AP)—There is still "zip" in the nation's economy, but not sufficient to warrant hasty income tax reduction.

This was the virtually unanimous opinion of economists and businessmen whose testimony Monday launched a two-week probe of the state of the nation's business health and what to do about tax cuts and monetary policy. Another group was to appear today.

Of the first day's testimony before a Senate House Economic subcommittee, Chairman Mills (D-Ark.) said: "The conclusion I reached is that the economic situation does not offer justification for immediate tax reduction."

He said it was significant that "both the extremes of business and labor" were in agreement that inflation posed a troublesome problem in fixing future monetary and tax policies.

"The testimony clearly indicated that the buoyancy of the economy is somewhat reduced, but there is enough zip left that the relaxation of monetary policy (credit curbs) reduction of taxes would only serve to intensify inflationary pressures."

COMMENTING on the opinions of a panel of six experts, Mills summed up this way:

1. Inflation for the next year or two may be the No. 1 economic problem of the government, a result of spiraling prices, wages and living costs.

2. A reduction in government spending of a billion or two will have little effect on the economic picture.

3. Only with budget cuts of "substantial" nature (somewhere between three and five billion dollars) would present high interest rates have to be reduced or taxes cut.

The panel of businessmen and economists Monday agreed that easing of the government's "tight money" policy, or "substantial" tax reduction, would be dangerously inflationary in the present economic situation.

They were equally agreed that business activity was nearing a "plateau" with future economic advances likely to be limited.

Walter E. Hoadley, treasurer of Armstrong Cork Co., told the committee that the postwar rise in the economy appeared to be in an "interim period" of adjustment before another upward push a year or two hence.

Inflation, he declared, is now "the No. 1 economic problem" at a time of rising prices and a "cresting" of economic expansion. "More inflation seems almost certain, but how long it will persist is not clear," he testified.

## New Liquor Agency Chieftain Named

COLUMBUS (AP)—Raymond J. Ripberger, 51, today became chief of the Enforcement Division of the Ohio Department of Liquor Control, succeeding Capt. Floyd Moon who returns to his post with the Ohio Highway Patrol.

Ripberger has been assistant chief of the division since May 1. He retired April 30 as agent-in-charge of the U. S. Narcotics Bureau's northeastern and western Ohio district.

## Ike To Get Detailed Report Of Dissension Within GOP

WASHINGTON (AP)—Republican leaders were to take to President Eisenhower today a report of GOP dissension over his spending program and of the difficulties ahead in trying to regain control of Congress in 1958.

As a preliminary to a party rally in Washington Thursday and Friday, Eisenhower arranged to see National Chairman Meade Alcorn and congressional campaign chairman at the White House.

Subsequent public statements were expected to stress party unity behind the Eisenhower legislative program and to reflect optimism about GOP chances of regaining the House and Senate.

But some Republicans said that Alcorn, Sen. Schoepel of Kansas and Rep. Simpson of Pennsylvania view the party revolt against the President's \$71,800,000,000 spending budget more seriously than they are willing to say publicly.

Alcorn said he has reports from party chairmen in some areas of the country that raising money has become more difficult because of

## Richard Willis Gets Elections Board Nod

Richard R. Willis has been recommended by the Fayette County Republican Central Committee for appointment to the county Board of Elections to fill out the unexpired term of Harold Finley.

Finley resigned a month ago after he accepted a position with the state Highway Department. His term on the Board of Elections does not expire until March 1, 1958.

The committee recommendation was made to Secretary of State Ted Brown, who will make the appointment.

Other members of the bi-partisan board are M. L. Lyons, Roy Thompson and W. J. Kruse. Harold G. McLean is the clerk and Mrs. Ruth Witherspoon the deputy.

Since Finley is a Republican, his successor must be a Republican.

Lyons and Kruse are the Democrats on the board and Thompson the other Republican.

## Bloodmobile Coming Monday; Quota for County Is 175 Pints

The mobile unit of the Red Cross blood bank will be in Washington C. H. Monday, from 10 a. m. until 4 p. m., at the First Presbyterian Church.

This will be the third call of the year here for the bloodmobile. The Fayette County Professional Nurses Assn. is in charge of the recruiting of blood donors.

Mrs. Charles Shaper is chairman of the committee and Mrs. Leonard Korn, 323 Gregg St., secretary of the Red Cross chapter here, is lending a hand with the details.

Mrs. Korn is keeping the list of appointments and the pledges; Either may be made with her (phones 2-3681 or 2-2401). Nurses

also are getting pledges for blood donations, which they report to Mrs. Korn.

Fayette County's quota is 175 pints for this visit of the bloodmobile, the same as it has been for more than a year.

Mrs. Shaper said as she announced the coming of the mobile unit next Monday: "If a nurse or one of the volunteer helpers calls on you to give a pint of blood, think twice before saying no."

"If you or one of your family has had to have a blood transfusion, you know how important it is to find people willing to replace blood in the community reserve, making blood available for the next person in need."

## Illinois GI To Stand Trial For Slaying

Death of Scavenger On Army Firing Range Back of Controversy

WASHINGTON (AP)—The United States surrendered to Japanese pressure today and agreed to turn over to Japan for trial the young American soldier accused of killing a Japanese woman gathering scrap on an Army firing range.

The joint announcement of the decision was made by Secretary of Defense Wilson and Secretary of State Dulles.

Involved in the incident is Army Specialist 3c William C. Girard, 21, of Ottawa-LaSalle, Ill.

The woman was Mrs. Naka Sakai, 46, one of many Japanese who eke out a living scavenging for metal on the firing range at So-magahara.

The woman was struck by an empty cartridge case fired from a grenade launcher last Jan. 30. The minimum sentence Girard faces if convicted under Japanese law is 2 years and the maximum is 15 years in prison.

If Girard had been brought before a U. S. court—martial the charge probably would have been involuntary manslaughter with a maximum penalty of three years.

UNDER JAPANESE procedure the trial will be before a three-judge court, without a jury.

If custom is followed, Girard will be kept in U. S. custody during the trial and any appeal procedure. He will be taken to the Japanese courtroom only when trial proceedings are underway.

Girard said he "may" have fired the shot, but he denies he intended to hit anyone. He says he intended only to warn scavengers away from the area he had been directed to guard.

The status of forces agreement involved provides for trial in Japanese courts for offenses committed by U. S. servicemen not in the performance of "duty."

In the Girard case, for the first time in more than 14,000 incidents of alleged infractions of

## 9 Persons Die In Lamppost Bomb Blasts

ALGIERS (AP)—The death toll climbed to nine today from explosions that ripped apart three lampposts in downtown Algiers and sent jagged chunks of metal tearing into evening rush hour crowds.

Six persons died Monday night when time bombs placed in the cast iron bases of the big lampposts went off almost simultaneously.

They included five Europeans, among them two children, and one Algerian. More than 80 persons were injured in the crowds of terrified thousands.

Two Europeans, one a year-old boy and the other a young soldier, and a Moslem died today of their wounds.

The outburst was the first serious bombing incident in this capital of rebellious Algeria since 15 persons were killed and 60 wounded when two time bombs exploded in crowded football stadiums.

The lamppost explosions were concentrated in an area of about a dozen blocks. Each bomb was placed near a streetcar stop.

Several Algerians were seized as suspects by members of the angry crowds. Police rescued them from possible mob violence, held them in for investigation.

## Boy, 9, Reports Deaths of Parents

SANDUSKY (AP)—A 9-year-old boy called the sheriff's office early today to report that his father had shot and killed his mother and then committed suicide.

Sheriff's deputies found Leroy King, 60, and his wife, Kathryn, 50, dead in their farm residence on the outskirts of the city.

The son, Leroy Jr., was taken to the detention home, pending the arrival of relatives. The boy said the shootings followed a quarrel between his parents.

## Tighter Antitrust Laws Predicted

WASHINGTON (AP)—Sen. O'Mahoney (D-Wyo.) predicted today the court-decreed separation of Du Pont Co. from General Motors Corp. will give fresh impetus to antitrust bills in Congress.

The senator, who presided over a long inquiry into General Motors 1½ years ago, contends that his 1956 suggestions for dismembering GM, the world's biggest manufacturing firm, "should be followed through."

The high court's 4-2 decision Monday set off arguments on Capitol Hill and created some apparent confusion in industry. Sen. Frear (D-Del.) said the ruling "could in my opinion have an adverse economic effect on the country at large."

"It seems to me the court has gone far and wide and found only the thinnest possible basis on which to reach its majority opinion," he said.

The court ruled that the huge chemical firm must give up its "commanding position" in General

## Part of City Has No Water For 5 Hours

Several hundred families in the southeastern section of Washington C. H. were without water from suppertime until about 10 p. m. Monday as a result of a water break at the corner of Broadway and Grove Ave.

The break occurred about 4:30 p. m. when a wooden plug at the end of a T-section of the main line broke out, Roy Sword, acting foreman at the Ohio Water Service Co. said.

"Service was out from then until 9:30 a. m.," Sword said. Area affected was from John St. to Columbus Ave., and from the east end of Court St. out to Lincoln Dr., Sword said.

Water had been leaking from the plug all day, Sword said, but water Co. officials had not been able to locate the leak when the break occurred.

The plug is of an old wooden variety that the water company no longer uses, Sword explained, saying that there are several of them still in service around the city.

"We'd replace them if we could, but we don't know exactly where they all are," Sword explained.

## Polio Epidemic Feared

BONN, Germany (AP)—The president of the West German Red Cross, Dr. Heinrich Weitz reported today medical authorities in Hungary fear a polio epidemic.

## Thursday Closing Plans Announced

A majority of the city's retail stores will be open from 9 a. m. until noon only on Thursdays during the summer months, Ralph Cook, president of Retail committee of the Chamber of Commerce, disclosed Monday.

Some of the stores are planning special values on Thursday morning during the summer months, Cook pointed out.

All merchandise has been specially purchased for these weekly events and will be offered only on Thursday mornings.

## Driver Fined On DWI Charge After Accident

A Staunton man was arrested for driving while intoxicated Monday as a result of an accident about 5 p.m. on the Armbrust Rd. at the Rowe-Ging Rd. intersection.

Fined \$200 and costs and sentenced to 10 days in jail, seven suspended, in Municipal Court Tuesday, was Elza Smith, 44, of Staunton.

Smith's driving rights were also suspended for one year.

Sheriff Orin J. Hyer said Smith was apparently driving east on the Rowe-Ging Rd. when he attempted to turn south onto Armbrust Rd. and lost control of the auto.

Carreening to the east side of the Armbrust Rd., the car went through a fence on a farm belonging to Mrs. Beryl Cavine, plowed a few feet through the field, went through the fence again, rolled across the road, broke off a utility pole and finally came to rest against a fence owned by Alvin Armbrust.

The car was scratched and dented in many places, but the frame was undamaged and the vehicle was able to move under its own power. Smith was treated at Memorial Hospital for a head laceration.

DAMAGE was minor in two accidents reported in Washington C. H. Monday.

In one, an auto driven by Joseph Crosswhite, 75, of 553 Harrison St. backed out of a Main St. parking place and collided with truck driven by Ellis B. Graham, 43, Anderson Rd., about 12:30 p.m.

In the other, an auto driven by Nuy Young, 34, of Indianapolis collided with the rear of an auto driven by Marie Katherine Smith, 45, of Route 22 east, on Washington Ave. about 5:45 p.m.

The Smith car was stopped at the speed clock tape when the Young vehicle hit from the rear. No one was injured and no one arrested in either mishap.

## Disorderly Conduct Leads to \$25 Fine

Three drivers were fined for speeding and one man for disorderly conduct by Judge Max G. Dice in Municipal Court Friday.

Speeders, all of whom pleaded guilty, were George Rhoads, 39, of near Chillicothe, who was fined \$10 and costs, and William Mowery, 50, of Chillicothe and Virgil Brown, 47, of 804 S. Main St., who were each fined \$5 and costs.

Fined \$25 and costs on a disorderly conduct warrant sworn out by a neighbor was Maynard Campbell, 39, of 321 Berman St. The fine and costs were suspended on condition that Campbell be in no further trouble.

Forfeiting bond for failure to appear on speeding charges were: Opal Caskey, 51, Circleville, \$20; Marie Smith, 45, Route 22 east, \$15.

## Central Ohio Glaziers Strike

COLUMBUS (AP)—About 150 members of Local 372 of the Glaziers Union struck 10 central Ohio glass firms Monday after negotiations failed to produce a new contract.

A spokesman for the local said no wage agreement has been reached and that the union is asking mostly for fringe benefits. The old contract expired Friday.

About a third of the striking glass workers are employed by the Pittsburgh Plate Glass Co. in Columbus and Zanesville. Other firms are located in Newark, Chillicothe and Lancaster.

## Man's Hand Injured In Tractor-Mower

Only one person was treated in the emergency room at Memorial Hospital Monday for accidental injuries.

John Thomas of near Washington C. H. received treatment for a laceration of the third finger on his right hand which he sustained when the hand got caught between a tractor and the hitch on a mower.

## Fayette Memorial Hospital News

ADMISSIONS  
Edward Clark, New Holland, medical.

Mrs. Charles L. Manker, 723 S. North St., medical.

Fred John Kisting, Route 1, Hillsboro, medical.

Mrs. Ralph H. Henderson, Greenfield, medical.

Frank Cornell, Springfield, surgery.

Frank E. Michael, 210 Ogle St., medical.

Mrs. Clara M. Dixon, Mt. Sterling, surgery.

Mrs. Wilbur D. Pugh, 331 N. Fayette St., medical.

Mrs. Walter A. Yeoman, Mt. Sterling, medical.

Henry Crawford, 1111 S. Hinde St., medical.

Carolyn Mae and James W. Bullen, children of Mr. and Mrs. Harold Bullen, Route 1, Sabina, tonsillectomies.

Connie Sue and Mary Jean Armstrong, children of Mr. and Mrs. Harold Armstrong, 434 Gibbs Ave., tonsillectomies.

DISMISSALS  
Mrs. Karl Brown, Albin Ave., surgery.

Mrs. Paul R. Washburn, Route 1, Leesburg, surgery.

Harry S. Foster, Jeffersonville, medical.

Mrs. Mary B. Hyer, 618 E. Temple St., medical.

## Blessed Events

Mr. and Mrs. Dean Drake, New Holland, are announcing the birth of an 8 pound daughter, born in Memorial Hospital at 8:11 a. m. Monday.

Mr. and Mrs. Paul C. Evans, Sabina, are the parents of a 7 pound, 7 ounce son, born in Memorial Hospital at 8:28 p. m. Monday.

Mr. and Mrs. Bobby Hattcock, Bloomington, are announcing the birth of a 6 pound, 7 ounce daughter, born at 3:20 a. m. today in Memorial Hospital.

Mr. and Mrs. John E. Harrison, 108½ W. Paint St., are the parents of a 7 pound, 11 ounce daughter, born at 5:56 a. m. today in Memorial Hospital.

Mrs. Marie B. Patrick and three children moved Tuesday from 628 Leesburg Ave. to their newly redecorated home at 805 Lincoln Drive. Mrs. Patrick purchased the Lincoln Drive property from Mr. and Mrs. Wayne Woodward, the sale being handled by the Tom Mark agency.

Rev. L. A. Griffith, 2614 Morris Place, Cincinnati, underwent major surgery Saturday in Bethesda Hospital, Cincinnati. His condition is reported satisfactory but no visitors are permitted. Mr. Griffiths formerly was pastor of the Jeffersonville Methodist Church.

OBIT  
et

2 State Liquor  
Aides Suspended

COLUMBUS (AP)—The Ohio Civil Service Commission today disclosed that two state liquor store employees have been suspended for 30 days each for disciplinary reasons.

As listed by State Liquor Director Robert B. Krupansky, they are:

J. A. Frantz, manager of liquor store No. 47 at Portsmouth, suspension effective May 27.

Eddie Buchanan, clerk in liquor store No. 82 at Toledo, suspension effective June 1.

No other details were given in the suspension notices.

IT'S SO EASY TO PLACE A  
WANT AD.

## Cancer Society Issues Data On Dangers in Cigarettes

NEW YORK (AP)—Men who smoke cigarettes are 10 times more likely to die of lung cancer than non-smokers, the American Cancer Society reported today.

It finds the lung cancer death rate 1,000 per cent higher in smokers than among nonsmokers. Smoking also boosts the chances of fatal heart attacks by 70 per cent, the society said.

These are final figures from a huge four-year study of 188,000 men aged 50 to 70. About 60 per cent were regular cigarette smokers, the others had not smoked.

During the four years, 11,870 died.

The findings, which indicate a spectacular association between smoking and lung cancer and heart disease were announced at the American Medical Assn's annual meeting by Dr. E. C. C. Cyler Hammond, director, and Dr. Daniel Horn, assistant director of the cancer society's research.

Shortly after the report was made, the tobacco industry's research committee issued a statement reiterating its stand that "the causes of cancer and heart disease are not yet known to medical science."

The two doctors, however, declared smoking boosts the chance of premature death from all causes.

## No Fairground Sale

(Continued from Page One)  
to the Fayette County Commissioners at \$2,250 a year for the entire tract, with the exception of a 200-foot strip along the CCC Highway and Fairview Ave. from the highway to the main gate of the Fairground, and a small strip owned by Herbert B. Nushawg. The small corner of the tract at Fairview Ave. and the CCC Highway is under lease to the Anderson Drive-in Restaurant.

The purchaser, the sheriff said, is entitled to all rents from the leases.

THE TRACT had been appraised at \$108,250 and the sheriff announced that it would have to bring at least two-thirds of that, or \$72,166.68, for a valid sale.

The tract was appraised by Tom Mark, Arch O. Riber and Paul Pennington. They were appointed by the court to make the appraisal. Getting no response for the appraised value, the sheriff asked for a starting bid of \$72,166.68. There was no response.

After 12 minutes, Sheriff Hays looked over the gathering and said: "Well, I guess that's about it."

The Fairground tract was not sold; there was not one bid, not even one question.

The county commissioners executed the 20-year lease for the Fairground proper at \$2,250 a year Dec. 29, 1950.

Whether there were any prospective buyers in the gathering at the sale who felt the appraisal was too high or did not like the lease obligations is not known.

The failure of the Fairground tract to sell was discussed by the Fair directors at their meeting Monday night, but no action was taken. Ray Brandenburg, president of the board, summed it up by saying: "There wasn't much to talk about. . . all we can do now is wait and see."

The rest of the board meeting was devoted to planning for this year's Fair the last week in July. Forrest Ely of Batavia, attorney for C. R. and Mrs. Scott, said Tuesday "we are willing to sell to the Fair Board for a fair price. . . always have been."

He also revealed that his clients were considering asking the court to authorize the sale in three tracts: (1) the major portion of the tract used by the Fairground, (2) the 200-foot wide strip along the CCC Highway and (3) the 200-foot wide strip along Fairview Ave. from the highway to the main gate of the Fairground.

es. The more cigarettes the higher the risk.

In lung cancer, the death rate among two-pack-a-day smokers is 64 times greater than among non-smokers.

Coronary heart attacks killed 5,297 of all the men in the study, and 3,361 had smoked cigarettes regularly at some time. So there were 1,388 more deaths among smokers than would be expected among nonsmokers, Drs. Hammond and Horn said.

This put the risk of fatal coronary 70 per cent higher among smokers.

Compared with nonsmokers, coronary death rates were 29 per cent higher among men smoking half a pack a day; 89 per cent higher among those smoking up to a pack daily; 115 per cent higher among one to two pack smokers, and 141 per cent higher in men smoking two packs or more daily.

The study declared death rates from all causes combined were 34 per cent higher among men smoking half a pack daily and 70 per cent higher when they smoked up to one pack daily. The death rates were 96 per cent higher when men smoked one to two packs daily and 123 per cent higher among those smoking two or more packs a day.

## 'Equal Time' On Soviet TV Urged for U. S.

WASHINGTON (AP)—Rep. Brooks Hays (D-Ark.) said today that if Russia should grant radio-television time to an American spokesman, President Eisenhower should seize the opportunity to speak to the people of Russia.

Administration officials appeared cool however to any idea of asking for Russian radio-TV facilities to match those accorded Soviet boss Nikita Khrushchev in a filmed interview on a nationwide U. S. hookup Sunday.

State Department officials said no decision had been reached on asking for equal Russian air time. The Russian people have learned for the first time that the Soviet exploded five nuclear bombs in April.

The information was contained in a question put by an American reporter to Khrushchev during his interview.

The program was broadcast Monday night by Moscow radio and television stations apparently in its entirety.

Khrushchev was asked why the Soviet government did not announce its last five nuclear tests, since it has maintained publicly that all tests can be detected. Khrushchev replied that it would have served no useful purpose.

## Jersey Cattle Sell at Average Of \$1982 a Head

SPRINGFIELD (AP)—Members of The American Jersey Cattle Club attended the annual Polek Classic Sale here Monday where 40 head of Jersey cattle sold for an average price of \$1,982 each. It was the highest average price, according to a club spokesman, ever paid for dairy cattle in North America.

Masterminded by James Dean, a 4-H Club member from Ridgeway, Mich., claimed top prices. The Harmony Farm of Greenwich, Conn., paid \$7,000 for the animal.

At the National Jersey Jug promotion sale, 36 Jerseys sold for an average of \$497 each. A heifer, Harmony Fancy Priscilla, consigned by Harmony Farms, drew the top price of \$1,150. The purchase was made by J. K. Stuart of Bartow, Fla.

## U. S. Surrenders

(Continued from Page One)  
local law, the Japanese claimed their treaty right to be the judge of whether an act is carried out on "duty."

That was the controlling issue in the Girard case, and the decision apparently hinged on the precise nature of Girard's orders. The U. S. officials agreed that Girard had orders from his platoon commander to guard a machinegun and other equipment in the area.

But they accepted the Japanese contention that Girard's action in firing the shell case was "outside the scope of his guard duty and was, therefore, not 'done in the performance of official duty.'"

The commanding general of Girard's division certified that the action "was done in the performance of official duty."

BUT THE Wilson-Dulles statement said the firing of empty shell cases from the grenade launcher "was not authorized."

Their statement said Girard and another soldier, Specialist 3c Victor M. Nickel, "were ordered" by a platoon leader to guard a machinegun and other equipment, thus making the point that Girard was on duty.

The statement added that Girard "asserted that he fired from the waist, intending only to frighten the Japanese civilians. Others stated, but Girard denied, that empty shell cases were thrown out to entice the Japanese to approach."

Scavenging for scrap metal is a common means of livelihood among Japanese in the neighborhood of the base where the shooting took place. The scavengers operate in organized groups there. The long joint statement on the decision of the United States said at the outset the case "has far-reaching implications, involving as it does the good faith of the United States in carrying out a joint decision reached under procedures established by treaty and agreement with Japan."

The statement continued: "The issue arose as to whether or not Girard should be tried by United States court-martial or by a Japanese court. After careful deliberation in the joint U. S.-Japan Committee, established by the two governments pursuant to treaty arrangements, the U. S. representative on this committee was authorized to agree, and on May 16, 1957, did agree that the United States would not exercise its asserted right of primary jurisdiction in this case."

## New A-Test Scheduled

ATOMIC TEST SITE, Nev. (AP)—Explosion of the United States' first balloon-suspended nuclear device, postponed 24 hours, now is set tentatively for Wednesday.

## 26 States 'Owe' U. S. \$28 Million

WASHINGTON (AP)—Twenty-six states have owed Uncle Sam \$28 million for more than 100 years, Rep. Steed (D-Okla.) reported today. He figures the time has come to try to collect it.

But he added with a laugh that a bill he is writing to accomplish that probably will get nowhere.

The debt dates back to 1836, in the administration of President Andrew Jackson.

At that time, the big worry was not: How can we collect more money? It was: How can we get rid of this surplus?

So it was finally decided to distribute \$28,101,644.91 among the 26 states in the union at that time, according to population. Ohio received \$2,007,260.34.

However, the money technically was repayable to the federal government.

The states apparently weren't too worried over that. Maine, for instance, just took its \$955,838.25 and gave it away to its citizens. Others paid various expenses.

Steed said: "What I'd like to do is have Congress once and for all insist on having the money or by official act cancel it out. After all, the Treasury has had to keep these debts on its books all these years."

A reporter noted that Steed's state, Oklahoma, wasn't one of the 26 owing money. Steed chuckled at that, and pointed out he could write a bill of this type without getting any kicks from back home.

## U. S. Solons Irked

(Continued from Page One)  
peared that President Eisenhower had a personal hand in the deliberation.

Murray Snyder, assistant secretary of defense for public affairs, said Eisenhower was fully aware of the ruling.

Further developing the indications of a presidential hand in the matter, Sen. Knowland (R-Calif.) said Eisenhower assured congressional leaders at a White House conference today that "every step is being taken" to safeguard Girard's rights.

In reply to a question, Knowland said he thought "the President's decision" in the case was in conformity with the administration's foreign policy.

Asked whether Eisenhower personally made the decision to turn Girard over to the Japanese, Knowland replied: "Well, it's an administration decision."

Knowland, Republican leader in the Senate but frequently at odds with the administration on foreign policy, then was asked whether he thought the decision proper. He replied: "Faced with the conditions confronting the administration, I think the decision was the only one the administration could take."

## Bricker Finds Way To Cut U. S. Spending

WASHINGTON (AP)—Sen. Bricker (R-Ohio) claimed a small victory today in the battle to scale down government spending.

At his prompting, his office said, the government has discovered it has been buying bathroom fixtures for military housing that are much too good.

The situation was brought to his attention by L. F. Wilmhoff, vice president in charge of sales of the F. H. Lawson Co. in Cincinnati, after Bricker appealed for suggestions of economy in government.

Wilmhoff cited as one example the purchase of 7,000 towel bars for a government housing project at a cost of \$6,300 more than would have been paid for good standard racks.

In a letter to Bricker, General Services Administrator Franklin G. Floete said he had found that the reason for buying this expensive equipment was this:

The regulation on the subject was written 25 years ago when the only bathroom fixtures being purchased were for public buildings.

Right now, Floete said, he is soliciting suggestions from manufacturers as to the proper standards for bathroom equipment. "When these comments and recommendations are received we shall proceed to revise to specification accordingly," Floete said.

## Budget Cut

(Continued from Page One)  
\$273,722,775 below the President's requests. Emphasizing its position the Senate voted 67-0 its final approval of the measure.

That bill, the fourth to clear Congress, increased to \$461,756,784 the amount Congress has cut from Eisenhower requests totaling \$5,223,375,784.

In turn, Eisenhower asked Congress Monday for \$149½ million in additional funds to operate the Postoffice Department in the next year.

## Driver Fined On DWI Charge After Accident

A Staunton man was arrested for driving while intoxicated Monday as a result of an accident about 5 p.m. on the Armbrust Rd. at the Rowe-Ging Rd. intersection.

Fined \$200 and costs and sentenced to 10 days in jail, seven suspended, in Municipal Court Tuesday, was Elza Smith, 44, of Staunton.

Smith's driving rights were also suspended for one year.

Sheriff Orin D. Hays said Smith was apparently driving east on the Rowe-Ging Rd. when he attempted to turn south onto Armbrust Rd. and lost control of the auto.

Careening to the east side of the Armbrust Rd., the car went through a fence on a farm belonging to Mrs. Beryl Canine, plowed a few feet through the field, went through the fence again, rolled across the road, broke off a utility pole and finally came to rest against a fence owned by Alvin Armbrust.

The car was scratched and dented in many places, but the frame was undamaged and the vehicle was able to move under its own power. Smith was treated at Memorial Hospital for a head laceration.

DAMAGE was minor in two accidents reported in Washington C. H. Monday.

In one, an auto driven by Joseph Crosswhite, 75, of 553 Harrison St. backed out of a Main St. parking place and collided with truck driven by Ellis B. Graham, 43, Anderson Rd., about 12:30 p.m.

In the other, an auto driven by Nuy Young, 34, of Indianapolis collided with the rear of an auto driven by Marie Katherine Smith, 45, of Route 22 east, on Washington Ave. about 5:45 p.m.

The Smith car was stopped at the speed clock tape when the Young vehicle hit from the rear. No one was injured and no one arrested in either mishap.

## Disorderly Conduct Leads to \$25 Fine

Three drivers were fined for speeding and one man for disorderly conduct by Judge Max G. Dice in Municipal Court Friday.

Speeders, all of whom pleaded guilty, were George Rhoads, 39, of near Chillicothe, who was fined \$10 and costs, and William Mowery, 50, of Chillicothe and Virgil Brown, 47, of 804 S. Main St., who were each fined \$5 and costs.

Fined \$25 and costs on a disorderly conduct warrant sworn out by a neighbor was Maynard Campbell, 39, of 321 Berman St. The fine and costs were suspended on condition that Campbell be in no further trouble.

Forfeiting bond for failure to appear on speeding charges were: Opal Caskey, 51, Circleville, \$20; Marie Smith, 45, Route 22 east, \$15.

## Central Ohio Glaziers Strike

COLUMBUS (AP)—About 150 members of Local 372 of the Glaziers Union struck 10 central Ohio glass firms Monday after negotiations failed to produce a new contract.

A spokesman for the local said no wage agreement has been reached and that the union is asking mostly for fringe benefits. The old contract expired Friday.

About a third of the striking glass workers are employed by the Pittsburgh Plate Glass Co. in Columbus and Zanesville. Other firms are located in Newark, Chillicothe and Lancaster.

## Man's Hand Injured In Tractor-Mower

Only one person was treated in the emergency room at Memorial Hospital Monday for accidental injuries.

John Thomas of near Washington C. H. received treatment for a laceration of the third finger on his right hand which he sustained when the hand caught between a tractor and the hitch on a mower.

## Fayette Memorial Hospital News

ADMISSIONS  
Edward Clark, New Holland, medical.

Mrs. Charles L. Manker, 723 S. North St., medical.

## Cancer Society Issues Data On Dangers in Cigarettes

NEW YORK (AP)—Men who smoke cigarettes are 10 times more likely to die of lung cancer than non-smokers, the American Cancer Society reported today.

It finds the lung cancer death rate 1,000 per cent higher in smokers than among nonsmokers. Smoking also boosts the chances of fatal heart attacks by 70 per cent, the society said.

These are final figures from a huge four-year study of 188,000 men aged 50 to 70. About 60 per cent were regular cigarette smokers, the others had not smoked.

During the four years, 11,870 died.

The findings, which indicate a spectacular association between smoking and lung cancer and heart disease were announced at the American Medical Ass'n's annual meeting by Dr. E. C. Cyler Hammond, director, and Dr. Daniel Horn, assistant director of the cancer society's research.

Shortly after the report was made, the tobacco industry's research committee issued a statement reiterating its stand that "the causes of cancer and heart disease are not yet known to medical science."

The two doctors, however, declared smoking boosts the chance of premature death from all causes.

## No Fairground Sale

(Continued from Page One)  
to the Fayette County Commissioners at \$2,250 a year for the entire tract, with the exception of a 200-foot strip along the CCC Highway and Fairview Ave. from the highway to the main gate to the Fairground, and a small strip owned by Herbert B. Nushawg. The small corner of the tract at Fairview Ave. and the CCC Highway is under lease to the Anderson Drive-In Restaurant.

The purchaser, the sheriff said, is entitled to all rents from the leases.

THE TRACT had been appraised at \$108,250 and the sheriff announced that it would have to bring at least two-thirds of that, or \$72,166.68, for a valid sale.

The tract was appraised by Tom Mark, Arch O. Riber and Paul Pennington. They were appointed by the court to make the appraisal. Getting no response for the appraisal value, the sheriff asked for a starting bid of \$72,166.68. There was no response.

After 12 minutes, Sheriff Hays looked over the gathering and said: "Well, I guess that's about it."

The Fairground tract was not sold; there was not one bid, not even one question.

The county commissioners executed the 20-year lease for the Fairground proper at \$2,250 a year Dec. 29, 1950.

Whether there were any prospective buyers in the gathering at the sale who felt the appraisal was too high or did not like the lease obligations is not known.

The failure of the Fairground tract to sell was discussed by the Fair directors at their meeting Monday night, but no action was taken. Ray Brandenburg, president of the board, summed it up by saying: "There wasn't much to talk about. . . all we can do now is wait and see."

The rest of the board meeting was devoted to planning for this year's Fair the last week in July.

Forrest Ely of Batavia, attorney for C. R. and Mrs. Scott, said Tuesday "we are willing to sell to the Fair Board for a fair price. . . always have been."

He also revealed that his clients were considering asking the court to authorize the sale in three tracts: (1) the major portion of the tract used by the Fairground, (2) the 200-foot wide strip along the CCC Highway and (3) the 200-foot wide strip along Fairview Ave. from the highway to the main gate of the Fairground.

As listed by State Liquor Director Robert B. Krupansky, they are: J. A. Frantz, manager of liquor store No. 47 at Portsmouth, suspension effective May 27.

Eddie Buchanan, clerk in liquor store No. 82 at Toledo, suspension effective June 1.

No other details were given in the suspension notices.

IT'S SO EASY TO PLACE A WANT AD.

es. The more cigarettes. the higher the risk.

In lung cancer, the death rate among two-pack-a-day smokers is 64 times greater than among non-smokers.

Coronary heart attacks killed 5,297 of all the men in the study, and 3,361 had smoked cigarettes regularly at some time. So there were 1,388 more deaths among smokers than would be expected among nonsmokers, Drs. Hammond and Horn said.

This put the risk of fatal coronaries 70 per cent higher among smokers.

Compared with nonsmokers, coronary death rates were 29 per cent higher among men smoking half a pack a day; 89 per cent higher among those smoking up to a pack daily; 115 per cent higher among one to two pack smokers, and 141 per cent higher in men smoking two packs or more daily.

The study declared death rates from all causes combined were 34 per cent higher among men smoking half a pack daily and 70 per cent higher when they smoked up to one pack daily. The death rates were 96 per cent higher when men smoked one to two packs daily and 123 per cent higher among those smoking two or more packs a day.

## 'Equal Time' On Soviet TV Urged for U. S.

WASHINGTON (AP)—Rep. Brooks Hays (D-Ark) said today that if Russia should grant radio-television time to an American spokesman, President Eisenhower should seize the opportunity to speak to the people of Russia.

Administration officials appeared cool however to any idea of asking for Russian radio-TV facilities to match those accorded Soviet boss Nikita Khrushchev in a filmed interview on a nationwide U. S. hookup Sunday.

State Department officials said no decision had been reached on asking for equal Russian air time. The Russian people have learned for the first time that the Soviet exploded five nuclear bombs in April.

The information was contained in a question put by an American reporter to Khrushchev during his interview.

The program was broadcast Monday night by Moscow radio and television stations apparently in its entirety.

Khrushchev was asked why the Soviet government did not announce its last five nuclear tests, since it has maintained publicly that all tests can be detected. Khrushchev replied that it would have served no useful purpose.

Scavenging for scrap metal is a common means of livelihood among Japanese in the neighborhood of the base where the shoot took place. The scavengers operate in organized groups there.

The long joint statement on the decision of the United States said at the outset the case "has far-reaching implications, involving as it does the good faith of the United States in carrying out a joint decision reached under procedures established by treaty and agreement with Japan."

The statement continued: "The issue arose as to whether or not Girard should be tried by United States court-martial or by a Japanese court. After careful deliberation in the joint U. S.-Japan Committee, established by the two governments pursuant to treaty arrangements, the U. S. representative on this committee was authorized to agree, and on May 16, 1957, did agree that the United States would not exercise its asserted right of primary jurisdiction in this case."

At the National Jersey Jug promotion sale, 36 Jerseys sold for an average of \$497 each. A heifer, Harmony Fancy Priscilla, consigned by Harmony Farms, drew the top price of \$1,150. The purchase was made by J. K. Stuart of Bartow, Fla.

## U. S. Surrenders

(Continued from Page One)  
local law, the Japanese claimed their treaty right to be the judge of whether an act is carried out on "duty."

That was the controlling issue in the Girard case, and the decision apparently hinged on the precise nature of Girard's orders.

The U. S. officials agreed that Girard had orders from his platoon commander to guard a machinegun and other equipment in the area.

But they accepted the Japanese contention that Girard's action in firing the shell case was "outside the scope of his guard duty and was, therefore, not 'done in the performance of official duty.'"

The commanding general of Girard's division certified that the action "was done in the performance of official duty."

BUT THE Wilson-Dulles statement said the firing of empty shell cases from the grenade launcher "was not authorized."

Their statement said Girard and another soldier, Specialist 3c Victor M. Nickel, "were ordered" by a platoon leader to guard a machinegun and other equipment, thus making the point that Girard was on duty.

The statement added that Girard "asserted that he fired from the waist, intending only to frighten the Japanese civilians. Others stated, but Girard denied, that empty shell cases were thrown out to entice the Japanese to approach."

Scavenging for scrap metal is a common means of livelihood among Japanese in the neighborhood of the base where the shoot took place. The scavengers operate in organized groups there.

The long joint statement on the decision of the United States said at the outset the case "has far-reaching implications, involving as it does the good faith of the United States in carrying out a joint decision reached under procedures established by treaty and agreement with Japan."

The statement continued: "The issue arose as to whether or not Girard should be tried by United States court-martial or by a Japanese court. After careful deliberation in the joint U. S.-Japan Committee, established by the two governments pursuant to treaty arrangements, the U. S. representative on this committee was authorized to agree, and on May 16, 1957, did agree that the United States would not exercise its asserted right of primary jurisdiction in this case."

## Davy Crockett Plays Possum When Confronted by Injuns

By BOP THOMAS  
HOLLYWOOD — This is a tale of high adventure involving Indian attacks and stormy seas and starring none other than Fess Parker.

And did Davy Crockett stand off the Redskin "marauders" with old Betzy? Not on your life. He played possum.

The story begins in Seattle, where Fess went to pick up his new racing sloop, a 46-footer named Choleta. He took along six pals to bring her home to southern waters. None was a professional sailor, but three were veterans of the mainland-to-Honolulu race. That was fortunate. They all might have ended up hanging onto a floating mast if there hadn't been experienced hands aboard.

All went well through Puget Sound, Fess related.

"But when we were anchored off the Straits of Juan de Fuca, eight Indiana boys rowed out to our boat one night," he said. "They were whoppin' and holler-

in' and shoutin' for Davy Crockett's scalp. I was smart. I just played possum and they went away."

The rough weather started as they plied through the straits and there were heavy seas off the coast of Washington. When they put into Astoria, Ore., the cook jumped ship, Mutiny? No, he just had another engagement. Fess himself took over the galley chores.

"But it was mostly peanut butter on crackers when we got off the coast of Oregon," he said. "It started off a beautiful day, clear as crystal. In just a few hours we were facing winds of 50 knots."

"I'm telling you, it was touch and go for a while. The boat was not in real danger, but there was no telling whether the winds would reach 70 or 80 knots."

Fortunately, the winds subsided, but danger wasn't completely past. A playful group of whale — 30 or 40 of them — cavorted about 300 yards from the Choleta. The

## Cincy Bricklayers Go Out on Strike

CINCINNATI — More than 500 brick and tile layers went on strike here Monday in a dispute over a new contract.

Several hundred plumbers also were idle but George W. Atherton, business representative for Local 59 of the Plumbers' Union, called it an "extended holiday."

"All of them will be working Wednesday," Atherton said.

W. Earl Schroder, secretary of Local 18 of the Bricklayers and Tile Layers Union said, however, his group had turned down offers from the Cincinnati Mason Contractors Assn., "or pay boosts of 10 to 15 cents an hour."

part-time sailors were happy to get away.

Fess had to put into San Francisco to return to the Disney Studios and finish up "Old Yeller" with Dorothy McGuire. Then he'll return and bring the Choleta to its new home in Balboa Bay. He asked if I'd like to go along as cook.

On the basis of his previous voyage, the answer is no.

## No Stardom for Her, She Becomes Secretary to Star

HOLLYWOOD — How would you like to be secretary to a star? Take it from Barbara Salisbury, pretty Girl Friday for June Allyson the job is exciting, stimulating and sometimes exasperating.

But she loves it.

At first it seemed like strange casting for Barbara, who had been an actress, model and showgirl herself. How would she react to aiding the career of another girl who had found success where Barbara had failed?

The answer lies in the fact that Barbara has been an almost indispensable helper in the Allyson career for four years.

Barbara was born in San Francisco, reared in Rockford, Ill., and started in show business before she was out of high school.

"My family were old friends of Bing Crosby's family," she said. "I got a contract with Paramount when I was still in school."

What happened to her at Paramount? Nothing. She was one of a vast number of starlets at the lot in those lush, pre-war days. Only Susan Hayward, Ellen Drew and

Evelyn Keyes of that crew made good. The others were dropped, Barbara included.

Still anxious to try her luck, she went to New York for a summer, promising her family to return and go to college if she failed. She never made it to college. She clicked as a model got a job in "Hellzapoppin'" and had a stand as a Copacabana girl.

Then came another contract — 20th Century-Fox. Four years and many bit roles later, she was dropped.

A mutual friend, writer Bill Bowers, introduced her to Dick Powell and June Allyson one night at a Hollywood cafe. Both girls have gravel voices and developed an instant affinity. When June left MGM, Barbara started with her as secretary.

"I could type, but I couldn't do shorthand, except for my own special brand," she remarked. "I hadn't done that kind of work at all. But I learned in a hurry."

IT'S SO EASY TO PLACE A WANT AD.

## Cleveland Music Manager 'Quits'

CLEVELAND — The acting manager of the touring Cleveland orchestra either quit or was fired in Paris Monday after a tiff with conductor George Szell.

In a cable to N. R. Howard, editor of the Cleveland News, manager George H. L. Smith said: "Have resigned from management of Cleveland orchestra because of intolerable treatment by George Szell. Returning Cleveland from tour immediately."

But in a cable to the orchestra's attorney, President Frank E. Tappin of the Municipal Arts Assn. said: "Have today released George Smith of all duties and responsibilities as acting manager and assistant secretary."

The first national soldiers home was built in Dayton, O., in 1866.

The famous Douglas fir tree is not a fir tree, but a hemlock.

## Community Interest In Highway Programs

With the vast amount of new improvements in highways and the building of proposed new freeways in Ohio in the near future, some with federal government aid, numerous Ohio counties are taking organized action to bring the Ohio Highway Department's attention to their claims for consideration.

Many of them are interested in proposing that new routes touch their immediate area, also in receiving a chance to have highways running through their present territory widened and otherwise improved.

Fayette County has not neglected her part in seeking new highway construction. The Washington Chamber of Commerce which represents the entire county, has a special county highway committee which is awake to the situation and is devoting attention to the many improvement projects on the drawing boards or under consideration.

The CCC Highway passing through here is definitely about to undergo widening. The possibility of the proposed new Cincinnati-Columbus - Cleveland and Cincinnati-Freeway passing through the western

and northern part of the county is still being considered by state highway officials, although Dayton, Springfield and Urbana are making desperate efforts to have this route pass closer to their counties and if possible through them.

The highway committees established in various counties is an encouraging note because they affirm the principle of community action in the determination of highway programs. They create new bonds of interest.

Our whole nation seems to be entering upon an era of expansion in its network of roads. This may prove something of a historical action and precedent for future generations.

In all these plans however much will depend upon getting the job done right. If enough citizen organizations and groups show the proper interest that best results will be obtained by more study of the effect of such improvements, also the fact that more citizens familiarize themselves with plans being talked it will exert both a creative and, when necessary, some corrective influence on the planners.

## Some Men Fear Their Success

NEW YORK (AP)—"The greatest hazard in creative work is success," said Robert Rossen, one of Hollywood's few top triple threat men.

"Once a man wins success he wants to hold on to it too much. He becomes afraid to take chances and do risky things. He becomes cautious and repetitious. 'I believe there's a lot of sense in the old dice table saying: 'get a hunch—bet a hunch.'"

"I don't feel so afraid of success, or afraid of losing it. I've had a couple of failures and learned to bounce back from them."

Rossen, who recently directed Darryl F. Zanuck's production of "Island in the Sun," is a

chunky former East Side kid who first punched his way to the top with his typewriter.

Now he ranks with a few other film colony all around stars (such as John Huston, Billy Wilder and Nunnally Johnson) who can write, direct, or produce a picture.

Two films in which Rossen performed all three chores were his Academy Award winning "All the King's Men" and "Alexander the Great."

Rossen's favorite film theme is the individual's own struggle within himself and against his environment, a theme dramatically presented in one of his finest pictures, "The Brave Bulls."

"I think environment plays a

By Hal Boyle

more important place in our lives than most of us realize," he remarked.

A perfectionist himself, Bob is a frank admirer of the camera wizardry of fellow director George Stevens. He rates Jimmy Cagney as one of the finest actors he has ever known.

It is always interesting to an outsider to discover which pictures a really creative writer and director such as Rossen regards as a great film fare.

"Offhand," he said, "the first five that come to my mind as 'The Informer,' 'Grand Illusion,' 'Greed,' 'Scarface'—some of those early gangster movies were really memorable—and 'All Quiet on the Western Front.'"

## The Guy Thinks He's God

Mike Wallace, on his television show, asked Mickey Cohen:

"You've killed at least one man. How many more?"

Mickey Cohen replied: "I've killed no one who didn't deserve killing. In all these cases, it was their life or mine."

Here is a man who, in a television interview, admits to murder. He is brazen about it. He is a tough guy, what is known among gangsters as a punk; that is, a minor tough guy.

Was the television show shut off as reprehensible? No! They could not do that because a show must go on its full time even if it fills your living room with poison. And this miserable exhibitionistic punk was permitted to continue to defend 'mur' and to speak his line of talk. This was after he had used the public airways to call one of America's best police officers, Police Chief William Parker of Los Angeles, "A Thief." "A known alcoholic, sadistic degenerate."

This is not freedom of speech. It is not freedom of the air. It is filth. It is stultifying and whoever is responsible for it, should be exposed to the public view as one who regards a dollar as more valuable than the morals of the nation.

This Mickey Cohen, who tried to pose in New York as a votary of religion under the influence of Billy Graham, but who never hit the sawdust trail, admitted that had done from \$250,000 to \$600,000 in daily bookmaking business. On the matter of killings, he set himself up as judge and jury, as God who meted out sentences on Judgment Day. Where do these gangsters get the gall to talk the way they do? They get it from the people who look upon them as celebrities; they get it from the newspapers, radio and television who make minor heroes of these crooks.

The excuse that is often given for putting such garbage on the air is that Mike Wallace asks hard-hitting questions. It is no excuse at all. A creature such as Mickey Cohen has himself admitted he should not be permitted into company of gentlemen and decent women and it is to be assumed that such people view all these shows.

He says that he has killed. Surely, most of us would not want to invite Mickey Cohen to our homes to dinner and we should not be asked to permit his grotesque personality and his twisted sense of morals to come into our homes over television. He bears the mark of Cain.

These companies had better get on to themselves. In the fierce competition for high ratings (a palpable fraud but generally acknowledged)

knowledge device) and for more business, some of them are forgetting their responsibility to the public which can and will shut the television sets off as many people today shut off the singing advertisements which often are musically an insult to the listener and must dissuade them from using the product they try to propagate.

I am willing to listen to dissonance for a few seconds if the program is worthwhile, but must I listen to Mickey Cohen, too? The public is going to ask that question more and more if television continues to put gangsters on programs.

One man told me he just walked into another room. Why not have a program called "How I Done It," giving, every criminal a chance to teach our children how to get rich by pushing narcotics or how to become a big-shot by promoting prostitution, or how to make a living being a torpedo which is a hopped-up dope who can be hired to kill for a few dollars?

Such a program would have the same justification as putting Mickey Cohen on television to say that he had killed no one who did not deserve killing. Can you imagine the implications of that sentence?

Here is a guy who dares to say that despite our grand juries, despite our courts, despite our laws, he decides all on his own whom he is going to kill and why.

Mickey Cohen is reported to have admitted that he had been

questioned 25 or 30 times concerning murders, but he has been acquitted in all of them.

Maybe, after all, Cohen is not as bad as he makes out; maybe all of this talk is only showing off.

(Copy, 1955 King Features Syndicate Inc.)

## College Curriculum Said Overloaded

GAMBIER (AP)—American colleges are overloading their programs as a result of the American student's determination to "go after" culture, the Rt. Rev. Beyerly D. Tucker said here Monday.

Rev. Tucker, retired Episcopal bishop in the Ohio Diocese, delivered the address at Kenyon College 129th commencement. Degrees were awarded 104 students.

The bishop suggested that American schools could profit from a study of English methods. There ought to be more leisure time, "less crowding of the curriculum" and more opportunities for personal contact between student and teacher, he said.

## Blast Rocks 'Rock'

GRAND RAPIDS, Mich. (AP)—The theater marquee proclaimed: "Don't Knock the Rock." But the "Rock" got knocked right off the screen. An explosion in a power company conduit shut off power to a theatre showing the rock 'n' roll movie. Management had to refund 150 admissions, some to teen-agers sitting through a second showing.

## Friends' Pet Remedies Won't Cure Head Colds

By HERMAN N. BUNDESEN, M.D.

BEWARE of well-meaning friends who offer unsound medical advice.

At no time are you more vulnerable to these suggestions of special home remedies than when you have a cold.

For example, whenever you get a sniffle or let loose with a sneeze, someone is bound to suggest, "Take a good stiff drink tonight before you go to bed."

### Actual Medical Value

Many persons quickly seize upon such an idea with relish. Granted a stiff drink or two will give a person a feeling of well being, but does it have any actual medical value as far as the cold is concerned?

Let's look at the facts. A cold, it is generally conceded, is a virus disease. Taken internally, alcohol will not kill any infection, virus or otherwise.

A drink of liquor, however, does raise your internal temperature somewhat. By dilating the blood vessels in your mucous membranes and skin, it brings a feeling of warmth to the chilled surface of the skin.

### Gives Some Comfort

In this way, it might actually make you a bit more comfortable. Yet, too much alcohol can make you more uncomfortable than helpful.

would the cold alone. Dilating the membranes of your nose too much only adds to the congestion and makes it more difficult to breathe.

All in all, a small amount of alcohol does have a limited value in making a cold victim feel a little better.

### Not A Cure

But it will not stop your cold; it will not even shorten its duration.

One more thing. If you do decide to take a nip to ease your cold suffering, make sure you do it at home. The best place for anyone with a cold is in bed. But you don't want to wind up there as the result of an auto accident caused by a bit of imbibing to "help" your cold.

QUESTION AND ANSWER  
A. E. S.: I have eczema at the back of my knee joint and other parts of my body. What causes it and is there any cure for it?

Answer: It is possible that the rash is due to what is known as psoriasis. Examination by a skin specialist would be advisable.

Eczema, as a rule, is due to some type of sensitivity. Treatment usually consists of finding the substance to which you are sensitive and eliminating it. The use of a bland ointment may be helpful.

## You're Telling Me

By WILLIAM RITT

Things have gotten pretty hot in that border conflict between Honduras and Nicaragua. Apparently, those Latin Americans haven't heard that a cold war is supposed to be much more fashionable these days.

Cloth signs advertising a Memphis, Tenn., cotton carnival were discovered to be of synthetic material—"probably rayon." Makes a good yarn, anyway.

"U. S. Aid to Libya to Total \$23 Million Plus"—headline. That seems to be the main trouble with foreign aid—it always seems to be "plus."

Eyes of a certain species of crayfish, according to Factographs, have the faculty of glowing at night. Must be wonderful for 'em, if they like to read in bed.

In view of all the multiple home run games this year it's a wonder baseball writers don't refer to a triple as a scratch hit.

A new western movie has so many saloon scenes it it, Grandpappy Jenkins suggests that it be retitled "Foam on the Range."

The Long Beach, Calif., city council is considering a proposed ordinance which would prohibit 14 type of noise making including the singing of birds. How do they plan to police the feathered warblers, by helicopter?

## Marietta College OKs Record 57-58 Budget

MARIETTA (AP)—Marietta College's Board of Trustees has approved a 1957-58 fiscal year budget of \$1,017,000, largest in the 122-year history of the school.

B. G. Daws Jr., of Cincinnati, was reelected to another term as chairman of the board, along with other board members.

The trustees met at the college held commencement exercises Monday for 142 graduates.

## 'Baited' Duck Hunt Practice Hit

CINCINNATI (AP)—The U.S. Court of Appeals, Sixth Circuit, has affirmed the convictions of four Port Clinton, Ohio, men on charges of violating the migratory bird law by shooting wild ducks over "baited" water.

The decision had the effect of upholding that part of the law which prohibits the "salting" or "baiting" of water to lure ducks for shooting.

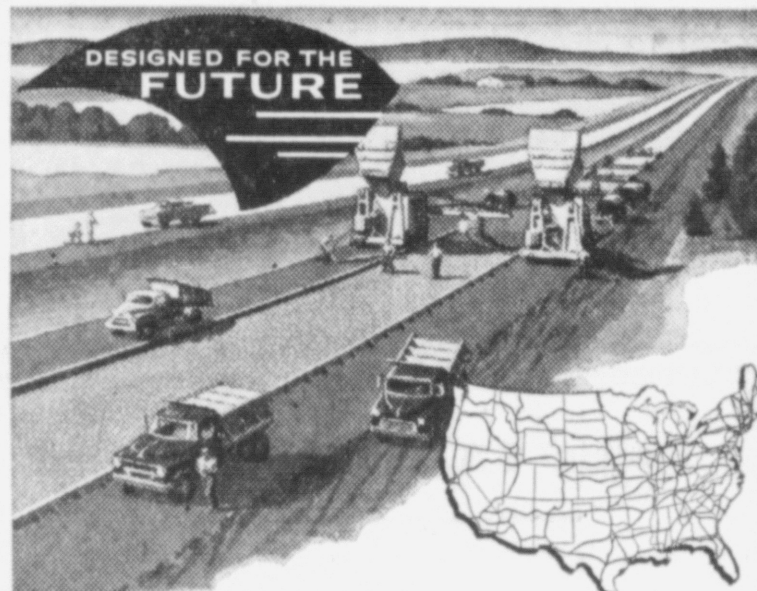

The men, convicted in U.S. District Court at Toledo last Aug. 10 were M. Allen Clemons, owner of Clemons' Marsh, a hunting preserve along Lake Erie near Sandusky; his brother, Robert L. Clemons; A. E. Babcock and Donald Guiau.

## ROK Education Chief To Get Ohio Honors

SEOUL (AP)—South Korean Education Minister Choikyung Nam left Monday for the United States to receive an honorary doctor of laws degree June 10 from Ohio Wesleyan University.

Choi is a graduate of the university, having received a B.S. degree in 1929 and an M.S. in 1930.

## Community Interest In Highway Programs

With the vast amount of new improvements in highways and the building of proposed new freeways in Ohio in the near future, some with federal government aid, numerous Ohio counties are taking organized action to bring the Ohio Highway Department's attention to their claims for consideration.

Many of them are interested in proposing that new routes touch their immediate area, also in receiving a chance to have highways running through their present territory widened and otherwise improved.

Fayette County has not neglected her part in seeking new highway construction. The Washington Chamber of Commerce which represents the entire county, has a special county highway committee which is awake to the situation and is devoting attention to the many improvement projects on the drawing boards or under consideration.

The CCC Highway passing through here is definitely about to undergo widening. The possibility of the proposed new Cincinnati-Columbus - Cleveland and Cincinnati-Freeway passing through the western

and northern part of the county is still being considered by state highway officials, although Dayton, Springfield and Urbana are making desperate efforts to have this route pass closer to their counties and if possible through them.

The highway committees established in various counties is an encouraging note because they affirm the principle of community action in the determination of highway programs. They create new bonds of interest.

Our whole nation seems to be entering upon an era of expansion in its network of roads. This may prove something of a historical action and precedent for future generations.

In all these plans however much will depend upon getting the job done right. If enough citizen organizations and groups show the proper interest that best results will be obtained by more study of the effect of such improvements, also the fact that more citizens familiarize themselves with plans being talked it will exert both a creative and, when necessary, some corrective influence on the planners.

## Some Men Fear Their Success

NEW YORK (AP)—“The greatest hazard in creative work is success,” said Robert Rossen, one of Hollywood's few top triple threat men.

“Once a man wins success he wants to hold on to it too much. He becomes afraid to take chances and do risky things. He becomes cautious and repetitious. ‘I believe there's a lot of sense in the old dice table saying: ‘get a hunch—bet a hunch.’

“I don't feel so afraid of success, or afraid of losing it. I've had a couple of failures and learned to bounce back from them.”

Rossen, who recently directed Darryl F. Zanuck's production of “Island in the Sun,” is a

chunky former East Side kid who first punched his way to the top with his typewriter.

Now he ranks with a few other film colony all around stars (such as John Huston, Billy Wilder and Nunnally Johnson) who can write, direct, or produce a picture.

Two films in which Rossen performed all three chores were his Academy Award winning “All the King's Men” and “Alexander the Great.”

Rossen's favorite film theme is the individual's own struggle within himself and against his environment, a theme dramatically presented in one of his finest pictures, “The Brave Bulls.”

“I think environment plays a

more important place in our lives than most of us realize,” he remarked.

A perfectionist himself, Bob is a frank admirer of the camera wizardry of fellow director George Stevens. He rates Jimmy Cagney as one of the finest actors he has ever known.

It is always interesting to an outsider to discover which pictures a really creative writer and director such as Rossen regards as a great film fare.

“Offhand,” he said, “the first five that come to my mind are ‘The Informer,’ ‘Grand Illusion,’ ‘Greed,’ ‘Scarface’—some of those early gangster movies were really memorable—and ‘All Quiet on the Western Front.’”

By Hal Boyle

## The Guy Thinks He's God

Mike Wallace, on his television show, asked Mickey Cohen:

“You've killed at least one man. How many more?”

Mickey Cohen replied: “I've killed no one who didn't deserve killing. In all these cases, it was their life or mine.”

Here is a man who, in a television interview, admits to murder. He is brazen about it. He is a tough guy, what is known among gangsters as a punk; that is, a minor tough guy.

Was the television show shut off as reprehensible? No! They could not do that because a show must go on its full time even if it fills your living room with poison. And this miserable exhibitionistic punk was permitted to continue to defend murder and to speak his line of talk. This was after he had used the public airways to call one of America's best police officers, Police Chief William Parker of Los Angeles, “A Thief.” “A known alcoholic, sadistic degenerate.”

This is not freedom of speech. It is not freedom of the air. It is filth. It is stultifying and whoever is responsible for it, should be exposed to the public view as one who regards a dollar as more valuable than the morals of the nation.

This Mickey Cohen, who tried to pose in New York as a votary of religion under the influence of Billy Graham, but who never hit the sawdust trail, admitted that had done from \$250,000 to \$600,000 in daily bookmaking business.

On the matter of killings, he set himself up as judge and jury, as God who meted out sentences on Judgment Day. Where do these gangsters get the gall to talk the way they do? They get it from the people who look upon them as celebrities; they get it from the newspapers, radio and television who make minor heroes of these crooks.

The excuse that is often given for putting such garbage on the air is that Mike Wallace asks hard-hitting questions. It is no excuse at all. A creature such as Mickey Cohen has himself admitted he should not be permitted into company of gentlemen and decent women and it is to be assumed that such people view all these shows.

He says that he has killed. Surely, most of us would not want to invite Mickey Cohen to our homes to dinner and we should not be asked to permit his grotesque personality and his twisted sense of morals to come into our homes over television. He bears the mark of Cain.

These companies had better get on to themselves. In the fierce competition for high ratings (a palpable fraud but generally acknowledged)

knowledge device) and for more business, some of them are forgetting their responsibility to the public which can and will shut the television sets off as many people today shut off the singing advertisements which often are musically an insult to the listener and must dissuade them from using the product they try to propagate.

I am willing to listen to dissonance for a few seconds if the program is worthwhile, but must I listen to Mickey Cohen, too? The public is going to ask that question more and more if television continues to put gangsters on programs.

One man told me he just walked into another room. Why not have a program called “How I Done It,” giving every criminal a chance to teach our children how to get rich by pushing narcotics or how to become a big shot by promoting prostitution, or how to make a living being a torpedo which is a hopped-up dope who can be hired to kill for a few dollars?

Such a program would have the same justification as putting Mickey Cohen on television to say that he had killed no one who did not deserve killing. Can you imagine the implications of that sentence?

Here is a guy who dares to say that despite our grand juries, despite our courts, despite our laws, he decides all on his own whom he is going to kill and why.

Mickey Cohen is reported to have admitted that he had been

By George Sokolsky

questioned 25 or 30 times concerning murders, but he has been acquitted in all of them.

Maybe, after all, Cohen is not as bad as he makes out; maybe all of this talk is only showing off.

(Copy, right 1955 King Features Syndicate Inc.)

## College Curriculum Said Overloaded

GAMBIER (AP)—American colleges are overloading their programs as a result of the American student's determination to “go after” culture, the Rt. Rev. Beyerly D. Tucker said here Monday.

Rev. Tucker, retired Episcopal bishop in the Ohio Diocese, delivered the address at Kenyon College 129th commencement. Degrees were awarded 104 students.

The bishop suggested that American schools could profit from a study of English methods. There ought to be more leisure time, “less crowding of the curriculum” and more opportunities for personal contact between student and teacher, he said.

## Blast Rocks ‘Rock’

GRAND RAPIDS, Mich. (AP)—The theater marquee proclaimed: “Don't Knock the Rock.” But the “Rock” got knocked right off the screen. An explosion in a power company conduit shut off power to a theatre showing the rock 'n' role movie. Management had to refund 150 admissions, some to teen-agers sitting through a second showing.

## Friends' Pet Remedies Won't Cure Head Colds

By HERMAN N. BUNDESEN, M.D.

BEWARE of well-meaning friends who offer unsound medical advice.

At no time are you more vulnerable to these suggestions of special home remedies than when you have a cold.

For example, whenever you get a sniffle or let loose with a sneeze, someone is bound to suggest, “Take a good stiff drink tonight before you go to bed.”

### Actual Medical Value

Many persons quickly seize upon such an idea with relish. Granted, a stiff drink or two will give a person a feeling of well being, but does it have any actual medical value as far as the cold is concerned?

Let's look at the facts. A cold, it is generally conceded, is a virus disease. Taken internally, alcohol will not kill any infection, virus or otherwise.

A drink of liquor, however, does raise your internal temperature somewhat. By dilating the blood vessels in your mucous membranes and skin, it brings a feeling of warmth to the chilled surface of the skin.

### Gives Some Comfort

In this way, it might actually make you a bit more comfortable. Yet, too much alcohol can make you more uncomfortable than

would the cold alone. Dilating the membranes of your nose too much only adds to the congestion and makes it more difficult to breathe.

All in all, a small amount of alcohol does have a limited value in making a cold victim feel a little better.

### Not A Cure

But it will not stop your cold; it will not even shorten its duration.

One more thing. If you do decide to take a nip to ease your cold suffering, make sure you do it at home. The best place for anyone with a cold is in bed. But you don't want to wind up there as the result of an auto accident caused by a bit of imbibing to “help” your cold.

### QUESTION AND ANSWER

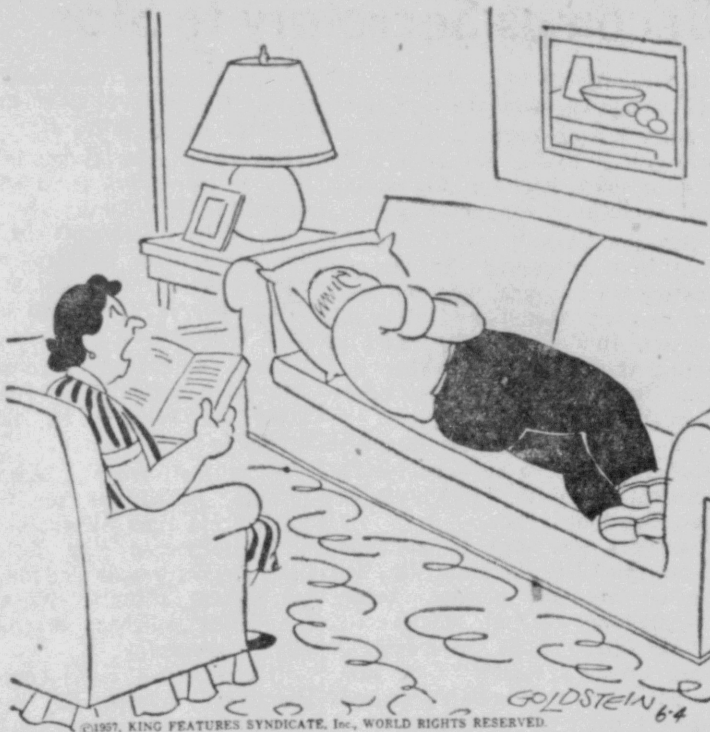

A. E. S.: I have eczema at the back of my knee joint and other parts of my body. What causes it and is there any cure for it?

Answer: It is possible that the rash is due to what is known as psoriasis. Examination by a skin specialist would be advisable.

Eczema, as a rule, is due to some type of sensitivity. Treatment usually consists of finding the substance to which you are sensitive and eliminating it. The use of a bland ointment may be helpful.

# Power Mower Makers Relish New Popularity

Even Ladies Shopping Now for Mechanical Grass Clipping Gear

By SAM DAWSON

NEW YORK (AP)—With a few hot spells and heavy rains the song of the power mower is heard in the land. And this year for the first time, makers say, the ladies are shopping for the mechanized grass clipper.

Makers are expecting a keenly competitive year. They entered the big selling season with a fairly heavy inventory. And on the demand side was the disquieting drop in home building.

Unit sales for the industry are running so far at about last year's rate, although some individual makers predict this will be their biggest year for unit sales. For all 1956 the industry sold 3,200,000 units, at around 250 million dollars a retail.

Industry leaders differ on prospects for dollar sales volume.

One large maker—Outdoor Marine's lawn-boy division of Lamar, Mo.—points out that all retail prices have tended down since the industry really got going 10 years ago. In 1946 retail sales averaged \$122.30 per mower. In 1956 the average price paid was about \$78.

Another large maker—Toro of Minneapolis—believes dollar sales volume will rise this year. Officials point out that homes being built this year are larger and located on bigger plots—tempting new owners to buy mechanical help in lawn clipping. They add that more of the self-propelled rotary type mowers are being sold, as well as more riding mowers—the most tempting of all for a man with a really noble lawn and aging legs. Many of the new mowers have larger cutting width and cost more. Toro says its sales currently are running 15 per cent ahead of last year.

Montgomery Ward reports it is selling seven power mowers to every one of the hand variety, and that more of the higher priced models are selling this year. It looks for a dollar volume sales peak.

Fairbanks Morse reports current sales at an all time peak, with 25 per cent of its sales being of the riding mowers. It notes that self starting models are getting a response from women—who formerly mostly left mower buying to their men.

Since 1946 the industry has sold 17 million power mowers.

## 2 New Medical Schools 'Needed'

NEW YORK (AP)—A leading medical educator says the nation will need 25 new medical schools by 1975 to maintain the present ratio of physicians to general population.

Dr. Vernon L. Lippard, dean of the Yale University School of Medicine, also said Monday that about 750 million dollars will be required in the next 20 years for capital investment in medical education facilities.

The nation now has 82 medical schools.

Lippard made the statements in an article in the current issue of Medical Advance.

## Hospital Expansion OK'd

CLEVELAND (AP)—The Mount Sinai Hospital board of trustees Monday approved contracts for construction of hospital additions costing \$6,735,384.

People . . . Places . . . and Things

## Round about Fayette County

By B. E. KELLEY

As the search for oil and gas continues in Fayette County and with the drill in Kewanee's first "wildcat" well more than 1,000 feet deeper than any of the eight previous test holes drilled in the county, it is interesting to know that the deepest well ever drilled in the world was south of New Orleans, where the drill pipe penetrated 22,570 feet in a successful quest for oil.

Withstanding 350 degrees of temperature and a pressure of 22,650 pounds to the square inch, was a steel bit very similar to the ones being used in the first deep test well in Fayette County.

These bits, a dozen or more of which have been worn out in the quest for oil and gas here, consist of a steel shank in the end of which are fitted three cone-shaped steel cutters bearing longitudinal case hardened teeth.

These cones are mounted on bearings, and the entire bit is free to rotate on the bottom of the hole, gouging out small bits of rock and earth as it is turned.

The shank of the rotary bit, (the bit used here is 7 1/2 inches in diameter) is screwed into the lower end of the hollow drill shaft, drillers mud can be forced down through the pipe and through the openings in the bit to keep the cones clean and flush the cuttings up and out of the hole.

In former years the percussion, or spud-type drill, which was a blunt chisel, was raised by a cable and dropped repeatedly to drill the hole, literally punching its way through the earth and rock.

Less than two years ago my wife and I visited the first oil well ever drilled, in a little valley just out side of Titusville, Pa., and not only saw the well, but the crude equipment used.

A state park and museum are maintained at the spot, and a replica of the original shack about the well adds to the interest.

This first well was drilled by Col. J. A. Drake, and a salt well driller named William A. Smith. Oil was struck at a depth of 69 1/2 feet, and the yield was only a few barrels daily.

No one seemed to know what to do with the oil at the time, but from that meager start until 1956 the combined assets employed in the oil industry as a whole reached nearly 51 billion dollars.

### WHITE BLACKBIRDS

White or albino blackbirds are extremely rare, but at the present time a pair of white blackbirds is to be found (part of that time at least) on the premises of Mr. and Mrs. Office Stookey 1215 South Fayette St.

During the past several days these rare birds (they are not of the redwing blackbird family) have been seen a number of times by Mr. and Mrs. Stookey, and I got a fleeting glance of one of them as it winged its way from a Hawthorn tree into some of the taller trees on the Stookey lots.

I would estimate that not more than one albino blackbird occurs among every 100,000, and it is extremely rare than two are found in the same vicinity and probably from the same brood.

Some 15 years ago an albino squirrel lived in Washington C.H. Once I obtained a fairly good photograph of it as it lay in the fork of a tree on Circle Avenue.

Thousands of couples are weak, worn-out, exhausted because body lacks iron. For new younger feeling after 40, try Ostrex Tonic Tablets. Contains iron for more pep, vim; plus high-potency dose Vitamin B<sub>12</sub>. In a single day, Ostrex supplies as much iron as 16 doz. raw oysters, 4 lbs. of liver, 16 lbs. of beef. Today "get-acquainted" size costs little—only 69¢. Or get Economy size, save \$1.67. All druggists.

coe Sears, Jeffersonville, holds an extraordinary school record, completed this year when their youngest daughter, Beverly, graduated from Jeffersonville High School. This made 10 members of the family who have graduated from the same school.

The other nine members of the family who have graduated from Jeff are:

Mildred - now Mrs. John Reese of Jamestown, the mother of three children, now teaching in the Jamestown schools. She at one time taught five years at Jeffersonville. She is a graduate of Wilmington College.

J. Willard, now the father of three children, and farming over 500 acres of land in Fayette County.

Leona, now Mrs. Robert Creamer, Route 3, mother of four children, a graduate of Miami Jacobs Business College, and bookkeeper at Wade's Shoe Store.

Lois, - now Mrs. Ronald Marshall, and mother of three children. Xenia.

Franklin, father of two children, and employed by Boren & Stimpfle, Jeffersonville.

Beulah, now Mrs. Paul Avey, mother of two children, Route 3, Sabina.

Elizabeth, now Mrs. Junior T Satterfield, mother of three children, 726 Columbus Ave.

Virginia, wife of Lt. Jackson Sparks, mother of three children, now of Cincinnati, a graduate of Miami Valley School of Nursing, Dayton.

Joan, now Mrs. Robert Klever of Jeffersonville, mother of three children, and employed as a nurse-receptionist in Dayton.

Six sons-in-law also have graduated from the same school. They are: John Reese, Robert E. Creamer, Paul E. Avey, Junior T. Satterfield, Lt. Jackson Sparks and Roger Klever.

Two of the Sears girls returned to the office of the superintendent and worked as secretary for three years each after their graduation. They were Beulah and Elizabeth.

As an interesting sidelight, two of Mr. and Mrs. Sears' grandchildren have already graduated from Jeffersonville High. They are Bobby Lee Creamer and Ronnie Sears. There are still three of the grandchildren attending Jeffersonville school.

## Hilty To Attend Meeting of County School Executives

W. J. Hilty, superintendent of the Fayette County schools, said Monday he planned to attend at least one session, and possibly more, of the four-day meeting of Ohio's county school superintendents, which opened Sunday in Granville.

During the meeting, the state's 88 county school heads will focus their attention on school district organization and administration.

Leading experts to meet with the group will emphasize trends in the operation and organization of school districts which are proving to be important factors in running a school with increased enrollment and limited facilities.

Paul Cummins, president of the Ohio County Superintendents Assn., and superintendent of Fairfield County schools, will serve as general chairman of the conference.

Winston Roesch, Washington, D. C., U.S. Office of Education, will keynote the workshop session at 9 a.m. Monday.

Other general session speakers included R. M. Eymann, State Dept. of Education, and W. B. Bliss and T. G. O'Keefe, Ohio Education Assn.

Much of the conference will be devoted to discussion groups which will consider such subjects as new legislation, transportation of pupils,

## Fayette Liquor Bill \$15.61 per Person

Fayette County's hard liquor bill last year was \$15.61 or about six pints for every man, woman and child, but that was \$11.79 less than the Ohio average, according to figures released by State Auditor James A. Rhodes.

Total retail sales in Fayette County reached \$238,609 and sales at wholesale were \$97,084 which meant actual sales of \$335,633.

The estimated average mark-up on liquor by the glass would give Fayette County a total liquor bill of \$377,301, which, divided by a population figure of 24,175, produces the \$15.61 average per capita expenditure for the hard stuff.

Per capita spending for hard liquor in neighboring counties was as follows: Ross, \$16.19, Clinton, \$9.13; Highland, \$15.11; Madison, \$11.57; Greene, \$16.42 and Pickaway, \$12.90.

CUYAHOGA COUNTY, with approximately 17 1/2 per cent of the state's population, accounted for nearly 30 per cent of the state-wide hard liquor bill in 1956. Actual state store sales there totaled \$66,211,240.61. After adding to this the usual mark-up on sales by

district reorganization, administrative policies, curriculum development, and county board budgets.

the glass, total spending for liquor is estimated at \$73,678,405.39.

This gave Cuyahoga County the highest per capita spending for liquor in the state, \$47.16. It was one of 11 counties where the per capita buying was above the state average of \$27.30. Others above the average were: Mahoning, \$33.26; Lucas, \$31.39; Montgomery, \$30.98; Hamilton, \$30.22; Ashtabula, \$29.61; Lorain, \$29.28; Summit, \$29.27; Erie, \$29.12; Trumbull, \$28.01; Franklin, \$27.97.

Excluding three counties—Morro, Harrison and Vinton—which do not have liquor stores, per capita spending for liquor was lowest in Fulton County, \$6.24. Holmes County showed \$6.36, Wayne, \$7.87 and Noble, \$7.91.

Per capita consumption through-

## Unmarked Patrol Cars Do Good Job

COLUMBUS (AP)—The State Highway Patrol says its use of unmarked cars in the last year was responsible for breaking up "hot rodding" and "drag" racing.

Patrol Capt. David W. Unkle said that for the most part the public had indicated wholehearted support of the use of the cars, which have only a discreet one-inch lettering on each side.

While the cars were placed in service primarily for breaking the "drag" racing activity, they have also been useful in the state's overall safety programs, Unkle said.

He estimated that more than 1,000 arrests have been made from

out the state was 10 pints, based on 12,156,740 gallons sold at state liquor stores in 1956.

# Power Mower Makers Relish New Popularity

Even Ladies Shopping Now for Mechanical Grass Clipping Gear

By SAM DAWSON  
NEW YORK (AP)—With a few hot spells and heavy rains the song of the power mower is heard in the land. And this year for the first time, makers say, the ladies are shopping for the mechanized grass clipper.

Makers are expecting a keenly competitive year. They entered the big selling season with a fairly heavy inventory. And on the demand side was the disquieting drop in home building.

Unit sales for the industry are running so far at about last year's rate, although some individual makers predict this will be their biggest year for unit sales. For all 1956 the industry sold 3,200,000 units, at around 250 million dollars at retail.

Industry leaders differ on prospects for dollar sales volume.

One large maker — Outboard Marine's lawn-boy division of La-Mar, Mo.—points out that all retail prices have tended down since the industry really got going 10 years ago. In 1946, retail sales averaged \$122.30 per mower. In 1956 the average price paid was about \$78.

Another large maker—Toro of Minneapolis—believes dollar sales volume will rise this year. Officials point out that homes being built this year are larger and located on bigger plots—tempting new owners to buy mechanical help in lawn clipping. They add that more of the self-propelled rotary type mowers are being sold, as well as more riding mowers—the most tempting of all for a man with a really noble lawn and aging legs. Many of the new mowers have larger cutting width and cost more. Toro says its sales currently are running 15 per cent ahead of last year.

Montgomery Ward reports it is selling seven power Wardmaster's to every one of the hand variety, and that more of the higher priced models are selling this year. It looks for a dollar volume sales peak.

Fairbanks Morse reports current sales at an all time peak, with 25 per cent of its sales being of the riding mowers. It notes that self starting models are getting a response from women—who formerly mostly left mower buying to their men.

Since 1946 the industry has sold 17 million power mowers.

## 2 New Medical Schools 'Needed'

NEW YORK (AP)—A leading medical educator says the nation will need 25 new medical schools by 1975 to maintain the present ratio of physicians to general population.

Dr. Vernon L. Lippard, dean of the Yale University School of Medicine, also said Monday that about 750 million dollars will be required in the next 20 years for capital investment in medical education facilities.

The nation now has 82 medical schools.

Lippard made the statements in an article in the current issue of Medical Advance.

## Hospital Expansion OK'd

CLEVELAND (AP)—The Mount Sinai Hospital board of trustees Monday approved contracts for construction of hospital additions costing \$6,735,384.

People . . . Places . . . and Things

## Round about Fayette County

By B. E. KELLEY  
As the search for oil and gas continues in Fayette County and with the drill in Kewanee's first "wildcat" well more than 1,000 feet deeper than any of the eight previous test holes drilled in the county, it is interesting to know that the deepest well ever drilled in the world was south of New Orleans, where the drill pipe penetrated 22,570 feet in a successful quest for oil.

Withstanding 350 degrees of temperature and a pressure of 22,650 pounds to the square inch, was a steel bit very similar to the ones being used in the first deep test well in Fayette County.

These bits, a dozen or more of which have been worn out in the quest for oil and gas here, consist of a steel shank in the end of which are fitted three cone-shaped steel cutters bearing logarithmic case hardened teeth.

These cones are mounted on bearings, and the entire bit is free to rotate on the bottom of the hole, gouging out small bits of rock and earth as it is turned.

The shank of the rotary bit, (the bit used here is 7 3/4 inches in diameter) is screwed into the lower end of the hollow drill shaft, drillers mud can be forced down through the pipe and through the openings in the bit to keep the cones clean and flush the cuttings up and out of the hole.

In former years the percussion, or spud-type drill, which was a blunt chisel, was raised by a cable and dropped repeatedly to drill the hole, literally punching its way through the earth and rock.

Less than two years ago my wife and I visited the first oil well ever drilled, in a little valley just out side of Titusville, Pa., and not only saw the well, but the crude equipment used.

A state park and museum are maintained at the spot, and a replica of the original shack about the well adds to the interest.

This first well was drilled by Col. J. A. Drake, and a salt-well driller named William A. Smith. Oil was struck at a depth of 69 1/2 feet, and the yield was only a few barrels daily.

No one seemed to know what to do with the oil at the time, but from that meager start until 1956 the combined assets employed in the oil industry as a whole reached nearly 51 billion dollars.

### WHITE BLACKBIRDS

White or albino blackbirds are extremely rare, but at the present time a pair of white blackbirds is to be found (part of that time at least) on the premises of Mr. and Mrs. Otis Stookey 1215 South Fayette St. During the past several days these rare birds (they are not of the redwing blackbird family) have been seen a number of times by Mr. and Mrs. Stookey, and I got a fleeting glance of one of them as it winged its way from a Hawthorn tree into some of the taller trees on the Stookey lots.

I would estimate that not more than one albino blackbird occurs among every 100,000, and it is extremely rare than two are found in the same vicinity and probably from the same brood.

Some 15 years ago an albino squirrel lived in Washington C.H. Once I obtained a fairly good photograph of it as it lay in the fork of a tree on Circle Avenue.

### REMARKABLE RECORD

The family of Mr. and Mrs. Ros-

## Zeta Upsilon Members Meet Monday Night

Members of the Zeta Upsilon Chapter of Beta Sigma Phi Sorority met at the home of Mrs. Thomas Gormley Monday night.

The president, Mrs. Harry Fichthorn, led in the opening ritual and then proceeded to discuss plans for the summer.

A silver tray is to be presented to Mrs. John Frost for having given the most interesting cultural program during the past year. Her program was entitled, "Enjoyment of Music." The tray will be presented to Mrs. Frost by Mrs. Fichthorn who received it last year.

Miss Martha Hughes and Mrs. Warner Penrod discussed the Beta Sigma Phi Ohio state convention which they attended in Toledo May 24 to 26. The theme was "Fairy Land Fantasy."

Members attending Monday's meeting were Mrs. Fichthorn, Miss Hughes, Mrs. Penrod, Mrs. William Lawyer, Mrs. Rodney Sheline, Mrs. Robert Hackmeyer and Mrs. Eugene Alkire.

Light refreshments were served by the hostess assisted by Mrs. Alkire. The next meeting will be held at the home of Miss Hughes on July 12.

## Personals

Mrs. John Burr and daughter, Kimberly Kay, arrived by plane Saturday morning from their home in Florida to spend a few weeks in Washington C. H. visiting with relatives and friends.

Mr. and Mrs. Samuel A. Bruch, of Hamilton, Ontario, Mr. and Mrs. Herbert Bruch, of Cuyahoga Falls, and Mr. and Mrs. Leonard C. Livingston, of Akron, arrived Monday evening to visit with Mr. and Mrs. Truman L. Stratton.

Mrs. Harold Craig returned Monday after visiting Mr. and Mrs. Lowell Smith in Hudson. Steven Smith returned with Mrs. Craig for a visit here.

Mr. and Mrs. Jack E. Pope and son had Memorial Day guests Mrs. Pope's parents, Mr. and Mrs. Harold J. Fischer, of Fairborn. Mrs. Fischer remained for the weekend.

Mrs. Orpha Willis returned to her home Sunday after visiting for the past month with her son-in-law Mr. Roscoe Turvy, and grandson, Michael, in Cocoa, Fla. Michael returned with Mrs. Willis and will stay a month before returning to his home by plane.

## Sorority Meets At Pfersick Home

The regular meeting of Xi Beta Psi Chapter of Beta Sigma Phi Sorority was held Monday night at the home of Mrs. Charles Pfersick.

The president, Mrs. Edward Sexton, opened the meeting according to the ritual. Mrs. Lee Alderman, program chairman, announced the following programs will be studied during the coming year: "In Word, Deed and Thought," "Tools for the Art of Life," "Speech, Action and Thought."

Mrs. Robert Olinger and Mrs. Ray Jennings, who were delegates to the state convention held in Toledo, gave reports on all the activities and forums. They announced that the state project for Beta Sigma Phi for the next three years is the construction of an avocation building at the Magnetic Springs Rehabilitation Foundation, near Marion.

Ohio Beta Sigma Phi chapters' last project, which was completed this spring, was the construction of a recreation center at Boys Village, Orrville.

Mrs. Sexton and Mrs. Alderman assisted the hostess in serving a salad course.

**GLAMOR IN THE KITCHEN**

Of course! Even though the kitchen gets hard use—harder, probably, than any other room in the home, you needn't sacrifice beauty to utility when you paint it. Make your kitchen a cheerful "conversation piece" with glorious color. Team soft yellow with sky blue for a clean, bright look. Or lime with French blue for an interesting off-trail combination. Bright orange and white will give you a dramatic modern effect. By all means choose the colors you like best for every room in your home.

Give your kitchen walls and woodwork lustre that will outlast repeated washings with our high gloss or semi-gloss enamels. Dream-room colors in light and dark shades.

The Colonial Paint Co. 143 North Main Street, Washington C. H. Ohio Phone 3-6961 "We recommend DEAN & BARRY quality PAINTS."

## Miss Grace Anne Maury Weds Hugh Simpson Patton

MR. and MRS. HUGH SIMPSON PATTON

Miss Grace Anne Maury became the bride of Mr. Hugh Simpson Patton at 3 p. m. Sunday in the home of her uncle and aunt, Mr. and Mrs. Frank H. Alexander, 129 Eastview Rd., Mr. Alexander's father, the Rev. W. S. Alexander officiated.

The groom is the son of Mrs. Hugh S. Patton, 500 Lincoln Ave., Willow Grove, Pa., and the late Mr. Patton.

Proceeding the ceremony, Mrs. Max Morrow of Jeffersonville sang "Be a Cause" and "I Love You Truly," accompanied by Mr. Wilbur Snapp at the organ.

The marriage vows were read before an improvised altar consisting of two traditional seven branch candelabras and a white kneeling bench. The candelabras were decorated with white shasta pom-poms on a background of plumosus fern.

The bride, given in marriage by her uncle, was lovely in a white silk Dupioni gown over net and taffeta. The fitted bodice featured a square neckline, edged in handrun Alencon lace. The full waist-length skirt was worn over an old fashioned hoop skirt. She wore a pearl studded crown and carried a purple-throated white orchid with a cascade of white streamers.

The matron of honor, Mrs. Arthur Haines, (nee Beverly Coil) wore a champagne colored silk gown over taffeta. The fitted bodice featured a scooped neckline and full gathered skirt. She wore a matching crown and carried a hand corsage of pink roses with pale green satin streamers.

Mr. Tony Aloe, the groom's childhood friend from Willow Grove, Pa., served as best man.

Mr. Snapp played appropriate organ music during the reception after which the young couple left on a wedding trip.

The bride is a graduate of Jeffersonville High School and received her B. S. in Education degree from Wilmington College in 1956. She is a member of Alpha Phi Kappa Sorority and will be a teacher in the Wilmington School system this fall.

The groom is a graduate of Hattboro High School, Willow Grove, Pa., and is now a senior at Wilmington College. He is a member of Sigma Zeta Fraternity and is associated with the Standard Oil Co., in Wilmington.

Following the wedding trip the couple will make their home at 267 Lincoln Ave., Wilmington.

**AAUW Meet Wednesday For Dinner Meeting**

Wednesday evening's dinner meeting at 6:30 o'clock at St. Andrew's Church will be the last for the American Association of University Women here until September.

Mrs. Michael Harrison is chairman of the committee. Mrs. Colin C. Campbell is president of the Washington C. H. branch of AAUW.

Feature of the after-dinner program will be the showing of color slides, with commentary, by Dick Pensyl. The pictures were taken by Pensyl during his trips to Europe and through western United States. They have been arranged in sequence to give a picture story with the narrated descriptions.

**Burns Fatal to Girl**

WILMINGTON (AP)—Burns suffered Sunday while playing with matches that ignited her clothing caused the death Monday of Sunda Parker, 6, of nearby Port William.

**Church Group Entertained at Breakfield Home**

The Young Adult Class of Sugar Creek Baptist Church met Sunday at the home of Mr. and Mrs. Donald Breakfield. Mr. and Mrs. Herbert Garringer were co-hosts.

Devotions using the Beatitudes for the main theme were presented by Mrs. Breakfield and Mrs. Garringer. Mrs. Harry Arthur offered prayer.

The group sang "Sweet Hour of Prayer," and Mrs. Arthur sang "God Leads Us Along," accompanied by Mrs. Robert Goodson at the piano.

The guest speaker was the Rev. Harry Arthur who chose his topic from First Corinthians and explained how we all are laborers for God.

The business session was conducted by the president, Mr. Harry Campbell, during which class projects were discussed. The meeting closed with prayer by Mr. Arthur.

Refreshments were served to the following members: Mr. and Mrs. Thurman Carwile, Mr. and Mrs. Robert Haines, Mr. and Mrs. Mander Boggs, Mr. and Mrs. Jack Kellogg, Mr. and Mrs. William Wallace, Mr. and Mrs. Harry Campbell, Mrs. Harold Spragg, and Mrs. Robert Goodson. Guests were Mr. and Mrs. Arthur and Karen Garringer.

## Senate Wives Club Allows Itself Only One Social Fling

By JANE EADS

WASHINGTON (AP)—The lunch-club of the Senate Wives Club traditionally gives for the President's wife is the only social event they permit themselves. Meeting every Tuesday when Congress is in session, they work all day for the Red Cross.

The club originally, however, was formed as a social group before World War I with the principal purpose of giving large and rather formal luncheons. When war broke out the ladies decided to contribute their time to the Red Cross—and they have been at it ever since turning out thousands of bandages, baby layettes, and knitted items.

Over the years many have won Red Cross stripes and bars for their service. All of the dressings go to the Bethesda Naval Hospital; layettes and knitted articles to the Red Cross home service for needy servicemen's families in the Washington area. Mrs. Chan Gurney, wife of the former senator from South Dakota, is chairman for surgical dressings. She says the women average about 3,000 bandages a day this year. Some 201 baby garments, many embroidered, were made since January by 14 workers, according to Mrs. Edward R. Burke, wife of the former senator from Nebraska, chairman of the sewing. Mrs. Prescott Bush, wife of the Republican senator from Connecticut, was in charge of knitting.

Traditionally the wife of the vice president is president of the club which meets in workrooms on the first floor of the Senate Office Building. First head was Mrs. Thomas Marshall. Young Pat Nixon, of course, is current president. The women wear the white uniform and veiled headpiece of the Red Cross. Mos bring their own lunches. Sometimes they bring "treats," fruits, candies, cheese, nuts or other goodies, that are specialties of their home states. Mrs. Spessard Holland, wife of the Florida Democrat brought grapefruit; Mrs. Alexander Wiley, wife of the Republican from Wisconsin

brought cheese. Mrs. Ralph Flinders, wife of the Republican from Vermont brought maple sugar candy. Once Pat Nixon brought some California dates.

Any wife whose husband has ever been in the Senate can be a member. Mrs. E. F. Ladd, 91-year-old widow of a North Dakota senator, has been active in the group since 1921. Mrs. Oswald Stanley, widow of a Kentucky senator, has attended meetings regularly for 40 years.

## Forgetful Merchant

STERLING, Colo. (AP)—Police Chief Hugh O'Neal has a nomination for the absent minded merchant of the year. Pinned the door open to a Sterling business establishment. They notified the owner. The owner turned up promptly to lock the door... but forgot his key.

## Zeta Upsilon Members Meet Monday Night

Members of the Zeta Upsilon Chapter of Beta Sigma Phi Sorority met at the home of Mrs. Thomas Gornley Monday night.

The president, Mrs. Harry Fichthorn, led in the opening ritual and then proceeded to discuss plans for the summer.

A silver tray is to be presented to Mrs. John Frost for having giving the most interesting cultural program during the past year. Her program was entitled "Enjoyment of Music." The tray will be presented to Mrs. Frost by Mrs. Fichthorn who received it last year.

Miss Martha Hughes and Mrs. Warner Penrod discussed the Beta Sigma Phi Ohio state convention which they attended in Toledo May 24 to 26. The theme was "Fairy Land Fantasy."

Members attending Monday's meeting were Mrs. Fichthorn, Miss Hughes, Mrs. Penrod, Mrs. William Lawyer, Mrs. Rodney Sheline, Mrs. Robert Hackmeyer and Mrs. Eugene Alkire.

Light refreshments were served by the hostess assisted by Mrs. Alkire. The next meeting will be held at the home of Miss Hughes on July 12.

## Personals

Mrs. John Burr and daughter, Kimberly Kay, arrived by plane Saturday morning from their home in Florida to spend a few weeks in Washington C. H. visiting with relatives and friends.

Mr. and Mrs. Samuel A. Bruch, of Hamilton, Ontario, Mr. and Mrs. Herbert Bruch, of Cuyahoga Falls, and Mr. and Mrs. Leonard C. Livingston, of Akron, arrived Monday evening to visit with Mr. and Mrs. Truman L. Stratton.

Mrs. Harold Craig returned Monday after visiting Mr. and Mrs. Lovell Smith in Hudson. Steven Smith returned with Mrs. Craig for a visit here.

Mr. and Mrs. Jack E. Pope and son had as Memorial Day guests Mrs. Pope's parents, Mr. and Mrs. Harold J. Fischer, of Fairborn. Mrs. Fischer remained for the weekend.

Mrs. Orpha Willis returned to her home Sunday after visiting for the past month with her son-in-law Mr. Roscoe Turvy, and grandson, Michael, in Cocoa, Fla. Michael returned with Mrs. Willis and will stay a month before returning to his home by plane.

## Sorority Meets At Pfersick Home

The regular meeting of Xi Beta Psi Chapter of Beta Sigma Phi Sorority was held Monday night at the home of Mrs. Charles Pfersick.

The president, Mrs. Edward Sexton, opened the meeting according to the ritual. Mrs. Lee Alderman, program chairman, announced the following programs will be studied during the coming year: "In Word, Deed and Thought," "Tools for the Art of Life," "Speech, Action and Thought."

Mrs. Robert Olinger and Mrs. Ray Jennings, who were delegates to the state convention held in Toledo, gave reports on all the activities and forums. They announced that the state project for Beta Sigma Phi for the next three years is the construction of an avocation building at the Magnetic Springs Rehabilitation Foundation, near Marion.

Ohio Beta Sigma Phi chapters' last project, which was completed this spring, was the construction of a recreation center at Boys Village, Orrville.

Mrs. Sexton and Mrs. Alderman assisted the hostess in serving a salad course.

## Health Office Warns Of Danger in Flies

Another admonition has been issued by the Fayette County Health Department with reference to flies and their bearing on community health.

"Flight range of flies in most instances is approximately 500-800 yards from their breeding sources," the departmental statement says. "These breeding sources are unsanitary outside toilets, horse and cow excrements, garbage, kitchen slops, cannery wastes, piles of lawn clippings. Most any warm organic medium usually contains sufficient material to be a potential source of fly breeding."

"One of the primary goals in the protection of public health is the control of domestic flies. Flies have long been under suspicion of disease transmitters. Such a reaction on the part of scientists and householders has arisen from observing that the flies frequenting human animal excrements are also attracted to human foodstuffs. It is possible for flies to transfer disease organisms to humans by resting on the individual or by walking across anything he may handle or consume."

FOR protection against disease or organisms that may be carried by flies the Health Department recommends the following for fly control:

- "Maintain adequate screens on all openings.
- "Spray manure from barns on fields at least weekly during fly breeding season.
- "Replace unsanitary privies.
- "Maintain a metal garbage container with tight fitting lid.
- "Clean garbage containers weekly and spray with a 5 per cent DDT solution; also spray area around cans.
- "Painting of screen with a 5 per cent DDT discourages flies from around doors etc."

## Richard McCarty Among OU Grads

Richard F. McCarty, son of the Rev. and Mrs. Francis T. McCarty, formerly of Washington C.H., will be among the 741 students receiving degrees during commencement ceremonies at Ohio University Sunday.

A 1953 graduate of Washington High School, he has majored in journalism during the past four years, and will receive the bachelor of science degree in journalism during the graduation exercises.

McCarty will also be commissioned a second lieutenant in the Army Reserve, and will leave in November to attend the basic infantry officer's course at Ft. Benning, Ga.

While a student at Washington High School, he was a member of the WHS marching and concert bands, National Honor Society, and National Thespians Society.

Rev. Mr. McCarty served as pastor of the First Baptist Church for eight years before moving in 1953 to Columbus where he is now pastor of the East Baptist Church.

## Auto Tail Fins To Get No Larger

RICHMOND, Va. (AP)—A top official of the Chrysler Corp., E. C. Quinn, said here today he doesn't believe the tail fins on automobiles will get any larger.

As an afterthought he added, "I don't see how they can."

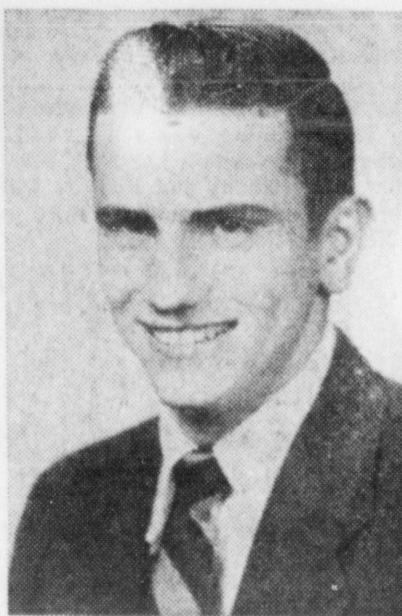

## OSU History Post Eyed

LEXINGTON, Ky. (AP)—Dr. Thomas D. Clark, head of the history department at the University of Kentucky, is expected to meet with officials of Ohio State University Thursday to discuss accepting a similar post there.

## Busy Days for the Korns

DICK KORN

ED KORN

A busy weekend is ahead of Mr. and Mrs. Leonard Korn, 323 Gregg St. with two commencement ceremonies, and attendant festivities. Two of their three sons will be graduated from different colleges.

The older, Dick, will get his degree from Ohio State University's dental college Friday, and Ed will get his bachelor of science degree from Ohio Wesleyan University on Monday.

The third son, Dave, will be a junior in Washington C. H. High School next fall.

DICK, a 1949 Washington C. H. High School graduate, attended Ohio Wesleyan for two years and then entered dental college at Ohio State. He is a member of Phi Gamma Delta and Delta Sigma Delta fraternities.

In high school here, he won letters in basketball, baseball and golf and at Ohio Wesleyan, he was on both the freshman and varsity basketball teams. In 1951 and 1956, he was golf champion of the Country Club.

He and the former Miss Sherry Bright were married three years ago and have lived in Columbus while he finished his education. Commissioned a first lieutenant in the Army he will go to Ft. Sam Houston, Tex., for orientation and assignment after his graduation.

ED, a 1953 WHS graduate, entered Ohio Wesleyan on an academic scholarship and received a national

Methodist scholarship later. Like his brother, he is a member of Phi Gamma Delta fraternity.

In high school, he played varsity football and basketball and was a member of the National Honor Society. He was a member of the junior varsity football squad and on the varsity track team in college.

## No U. N. Charter Change Seen Soon

UNITED NATIONS, N. Y. (AP)—The conference to discuss revision of the U. N. Charter has been delayed for two years.

A U. N. Assembly committee recommended the delay Monday by a 67-0 vote, making approval of the General Assembly certain.

The Soviet bloc, which opposes revision of the charter, abstained. The United States favors at least a review of the charter but voted for the delay.

## Marshall Grange To Meet Thursday

A musical program has been planned for Marshall Grange's next meeting, to be held at 8 p. m. Thursday in Grange Hall in Jeffersonville.

The entertainment will follow the usual business meeting, which will be conducted by Homer Carr, the master.

Refreshments will be served at the close of the program.

## Paul D. Pratt Ordained; In Richwood Post

Paul D. Pratt, son of Mr. and Mrs. Herbert H. Pratt, 119 N. Hinde St., has begun his new duties as pastor of the Church of Christ at Richwood, O., following his ordination services held Saturday evening at the Rolls Hill Church of Christ in Cincinnati.

The new minister's parents attended the ordination rites at which Arlie Craft, Arthur Treg and Nickolas Pantas of the Greenfield Church of Christ, and Forest Dusenberry, Kenneth Alexander, John Wimer and the Mr. Edward Dickinson, pastor of the Rolls Hill church, assisted.

Prof. Dan Eymann, of the Cincinnati Bible Seminary, which Mr. Pratt attended, gave the Biblical charge.

Mr. Pratt and his wife, the former Jane Craft of Greenfield, are now occupying the parsonage at Richwood.

Mr. and Mrs. Pratt are both graduates of McClain High School, Greenfield.

## Ex-Bank Manager Faces Indictments

CHARDON (AP)—Robert W. Cummings, 40, former manager of the Chesterland branch of the First National Bank of Burton, was indicted by the Geauga County grand jury Monday on five counts of forgery and five counts of embezzlement. He has admitted embezzling \$28,855 of the bank's funds. Cummings is free on \$10,000 bond.

DENNIS ROSS HIGARD JOHN WILLIAM BAITER

The two 1957 Washington C. H. High School graduates above left Monday for Great Lakes, Ill., to begin four-year hitches in the U. S. Navy. Dennis Higard, 17, is the son of Mr. and Mrs. Ross Higard, 616 Park Drive. John Bainter, a former WHS football star and an ex-member of National Guard Company M here, is the son of Mr. and Mrs. George Bainter, 325 Fifth St.

Both youths enlisted under a high school graduate program that guarantees them advanced schooling in hospital work, Chief Philip G. Lee, Navy Recruiter here, said.

## Plans Are Made To Replace Bridge At Rocky Fork

HILLSBORO—Preliminary plans have been completed to replace a county bridge at McCoppin's Mill, which collapsed on April 14.

With the commissioners' approval, County Engineer Claude West is proceeding with definite plans to replace the bridge at the same location. The span is on a main

artery of traffic for Rocky Fork Lake.

The new bridge, a continuous steel beam type, will be 36 feet longer than the old bridge. It will be 150 feet long, compared to the 114-foot length of the old span. Width of the new span will be 24 feet, compared to a narrow 16 feet on the old one.

Although exact costs cannot be figured as yet, the county engineer has set a tentative figure of \$30,000 to cover the project.

## Health Office Warns Of Danger in Flies

Another admonition has been issued by the Fayette County Health Department with reference to flies and their bearing on community health.

"Flight range of flies in most instances is approximately 500-800 yards from their breeding sources," the departmental statement says. "These breeding sources are unsanitary outside toilets, horse and cow excrements, garbage, kitchen slops, cannery wastes, piles of lawn clippings. Most any warm organic medium usually contains sufficient material to be a potential source of fly breeding."

"One of the primary goals in the protection of public health is the control of domestic flies. Flies have long been under suspicion of disease transmitters. Such a reaction on the part of scientists and householders has arisen from observing that the flies frequenting human animal excrements are also attracted to human foodstuffs. It is possible for flies to transfer disease organisms to humans by resting on the individual or by walking across anything he may handle or consume."

FOR protection against disease or organisms that may be carried by flies the Health Department recommends the following for fly control:

- "Maintain adequate screens on all openings.
- "Spray manure from barns on fields at least weekly during fly breeding season.
- "Replace unsanitary privies.
- "Maintain a metal garbage container with tight fitting lid.
- "Clean garbage containers weekly and spray with a 5 per cent DDT solution; also spray area around cans.
- "Painting of screen with a 5 per cent DDT discourages flies from around doors etc."

## Richard McCarty Among OU Grads

Richard F. McCarty, son of the Rev. and Mrs. Francis T. McCarty, formerly of Washington C.H., will be among the 741 students receiving degrees during commencement ceremonies at Ohio University Sunday.

A 1953 graduate of Washington High School, he has majored in journalism during the past four years, and will receive the bachelor of science degree in journalism during the graduation exercises.

McCarty will also be commissioned a second lieutenant in the Army Reserve, and will leave in November to attend the basic infantry officer's course at Ft. Benning, Ga.

While a student at Washington High School, he was a member of the WHS marching and concert bands, National Honor Society, and National Thespians Society.

Rev. Mr. McCarty served as pastor of the First Baptist Church for eight years before moving in 1955 to Columbus where he is now pastor of the East Baptist Church.

## Auto Tail Fins To Get No Larger

RICHMOND, Va. (AP)—A top official of the Chrysler Corp., E. C. Quinn, said here today he doesn't believe the tail fins on automobiles will get any larger.

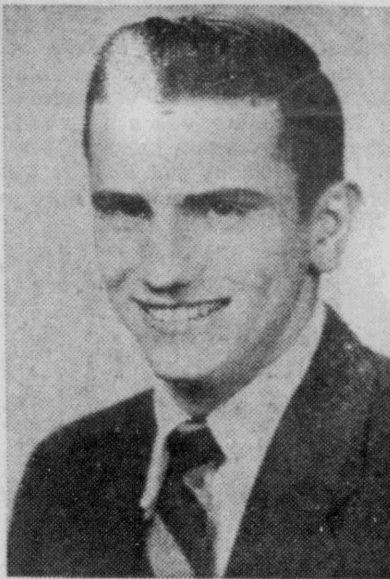

As an afterthought he added, "I don't see how they can."

OSU History Post Eyed  
LEXINGTON, Ky. (AP)—Dr. Thomas D. Clark, head of the history department at the University of Kentucky, is expected to meet with officials of Ohio State University Thursday to discuss accepting a similar post there.

## Busy Days for the Korns

DICK KORN

ED KORN

A busy weekend is ahead of Mr. and Mrs. Leonard Korn, 323 Gregg St. with two commencement ceremonies, and attendant festivities. Two of their three sons will be graduated from different colleges.

The older, Dick, will get his degree from Ohio State University's dental college Friday, and Ed will get his bachelor of science degree from Ohio Wesleyan University on Monday.

The third son, Dave, will be a junior in Washington C. H. High School next fall.

DICK, a 1949 Washington C. H. High School graduate, attended Ohio Wesleyan for two years and then entered dental college at Ohio State. He is a member of Phi Gamma Delta and Delta Sigma Delta fraternities.

In high school here, he won letters in basketball, baseball and golf and at Ohio Wesleyan, he was on both the freshman and varsity basketball teams. In 1951 and 1956, he was golf champion of the Country Club.

He and the former Miss Sherry Bright were married three years ago and have lived in Columbus while he finished his education.

Commissioned a first lieutenant in the Army he will go to Ft. Sam Houston, Tex., for orientation and assignment after his graduation.

ED, a 1953 WHS graduate, entered Ohio Wesleyan on an academic scholarship and received a national

Methodist scholarship later. Like his brother, he is a member of Phi Gamma Delta fraternity.

In high school, he played varsity football and basketball and was a member of the National Honor Society. He was a member of the junior varsity football squad and on the varsity track team in college.

Podres Proves Big Stopper For Dodgers

After Losing 4 in Row, Brooklyn Tightens Up To Trim Phillies Crew

By THE ASSOCIATED PRESS

Johnny Podres, Brooklyn's stubby southpaw, emerged as the Dodgers' No. 1 "stopper" today just when Manager Walt Alton had decided to crack down on his slipping National League champions.

The Brooks read a "no more race tracks" order from the skipper Monday after dropping four in a row. Alton figured his champs weren't paying enough attention to baseball.

Then along came Podres with a neat three-hitter that quieted the ambitious Philadelphia Phillies. It was Johnny's fifth victory, his fourth shutout—and the second time he has called a halt to a Dodger slump.

The last time the Brooks lost four in a row this season, it was the 24-year-old lefty who bailed them out, pitching a six-hit, 5-0 decision over the New York Giants May 12.

With the victory over the Phillies, the Dodgers climbed into a third-place tie with the idle Milwaukee Braves.

The Pittsburgh Pirates made it three in a row over New York by beating the Giants 6-5 Monday night in the only other game scheduled in the majors.

Podres struck out nine and walked four while dropping his earned run average to 2.05 Monday night and salvaging the final of a four-game set in Philadelphia.

The Dodgers, who had been out-hit only once during the four-game skid, smacked nine hits—including Gil Hodges' sixth home run and Gino Cimoli's sixth—to beat rookie Don Cardwell.

Hodges was 2-for-3 and scored three runs. He walked in the seventh and finally came home on Don Zimmer's single.

The Pirates, swinging for 11 hits off five pitchers, ran up a 3-0 lead in the second against starter Ruben Gomez, then came back with two against loser Joe Margoneri in the third after the Giants had tied it in the top of the frame.

Nelson King, who struck out Willie Mays and Dusty Rhodes to put down the Giants' comeback third, won his first in relief of Vern Law, but needed a mop up relief job from Elroy Face. King's squeeze bunt scored the clinching run in the fifth after Johnny O'Brien had tripled.

Cincinnati begins its second invasion of the east tonight at Philadelphia while Milwaukee plays at New York. Chicago's Cubs are at Brooklyn, with St. Louis at Pittsburgh.

The Redlegs swept the east the last time around, starting a 12-game winning streak that hoisted them from fourth place (4½ games behind the then-leading Braves) into the lead.

In the American League, the Chicago White Sox stake their five-game lead against the east, opening against Boston tonight. The second place New York Yankees are at Cleveland, with Washington at Detroit and Baltimore at Kansas City.

Big Names in Golf Falter In U. S. Open Qualifying Test

By THE ASSOCIATED PRESS

Twenty-five golfers, some of them unknown except locally and one a teenager, outbattled some of the biggest names in golf at Cincinnati and Cleveland Monday to win berths in the National Open golf tournament at Toledo June 13-15.

More than 200 players competed at Cincinnati Golf Club and Kenwood Country Club in Cincinnati, and Aurora and Chagrin country clubs in Cleveland.

Biggest casualties in the Cincinnati qualifying rounds were Bob Toski of Miami, Fla., "world" champion and biggest professional money winner in 1954, and Dale Morey of Indianapolis, a one-time Walker Cup victor.

Among the also-rans at Cleveland's courses were Marty Furgol of Lamont, Ill. and Frank Boynton of Longwood, Fla.

Lloyd Mangrum, 1946 national champ, got in under the wire with a 144, trailing eight other Cleveland qualifiers.

Gay Brewer Jr., a 25-year-old assistant pro from the Cincinnati Country Club, led 11 Cincinnati qualifiers with a 9-under-par 133. Six strokes behind was Jack Nicklaus of Columbus, Ohio, a 17-year-old amateur.

Dow Finsterwald of Tequesta, Fla., and Athens, Ohio, one of the top money winners, barely made the grade. He defeated four others in a two-hole playoff to earn the last qualifying spot.

At Cleveland, Don Fairfield, a 28-year-old pro from Casey, Ill., shot a 5-under-par 136 to lead the field of qualifiers.

Qualifiers at Cincinnati: Gay Brewer, Jr., Lexington, Ky., 133; Pat Schwab, Dayton, 134; Jack Nicklaus, Columbus, 139; Bill Campbell, Huntington, W. Va., 139; John Bulla, Phoenix, Ariz., 141; Al Atkins, Ashland, Ky., 142; Freeman Haywood, Cincinnati, 143; Pete Dye, Indianapolis, 144; Gene Coulter, Richmond, Ind., 144; Dow Finsterwald, Athens, Ohio, 145.

Qualifiers at Cleveland: Don Fairfield, Casey, Ill., 136; Howard Johnson, Houston, Tex., 137; Gardner Dickinson, Panama City, Fla., 140; Peter J. Mazur Jr., Lackawanna, N. Y., 142; Charles Wiperman, New Phila., Ohio, 143; Fred Wampler, Indianapolis, Ind., 143; Johnny Pott, Shreveport, La., 143; Leo Biagetti, St. Paul, Minn., 143; Henry Ramsom, St. Andrews, Ill., 144; George Bayer, San Gabriel, Cal., 144; Denny Shute, Akron, Ohio, 144; Lloyd Mangrum, Apple Valley, Cal., 144; Francis Winninger, Odessa, Tex., 145; Jim Ferree, Winston-Salem, N. C., 145.

Reds Awaiting Phils; Thump Tribe by 8-3

CINCINNATI (AP)—Manager Birdie Tebbetts figures his prosperous Cincinnati Redlegs face a strong threat in the rising Philadelphia Phillies.

The Redleg pilot, whose hurling staff is still a somewhat doubtful factor, says the Phillies will show "just how important pitching is."

A new test of these hurling prospects comes tonight as the Reds open a three-game series in Philadelphia, starting a 12-day road trip.

But the Reds come with bright prospects. Cincinnati leads the National League, 2½ games ahead of the second-place Phillies. Cincinnati road trips this year have also been unusually productive.

For good measure, the Reds bring with them an extra victory, an 8-3 exhibition win wrested Monday night from Cleveland Indians at Crosley Field.

The Reds smacked 13 hits around the park, including run-producing doubles by Alex Grammas and Don Hoak.

A record crowd of 24,479 watched Cincinnati lose a three-run

lead, then break free from a tie with a run in the fourth inning and three more in the sixth to put the game on ice.

The game was the first time that fans saw slugger Ted Kluszewski get into the lineup since his old back ailment cropped up again early this year, and he was put on the disabled list.

12th Student Ousted By Bowling Green U.

BOWLING GREEN (AP)—Jon Ruckspahl, a freshman from Dayton, Monday became the 12th student to be dismissed from Bowling Green State University for taking part in the May 24 riot at the school. The university also suspended two students and two fraternities, and police convicted one student on charges of inciting a riot. The riot erupted over student protests against a university ban on liquor at social functions.

Tax-Haunted Film Actors Now Turning to 'the Spread'

By BOB THOMAS

HOLLYWOOD (AP)—Here's a new wrinkle for the tax-haunted film star: The spread.

Dana Andrews is among those trying it. Last year he made three pictures and earned \$300,000. He found himself in a 91 per cent income tax bracket leaving him with pretty small pickin's at the end of the year.

He also had deals to give percentages of the films' profits. But unless a picture is a great grosser the star seldom sees any added revenue.

So for "Zero Hour" he arranged to be paid \$1000 a week for 100 weeks. The producers are delighted since they don't have to make a big salary outlay all at once. Dana is delighted because the money can be spread on three years' income. And Uncle Sam doesn't seem to mind.

If there was any doubt about Jerry Lewis' going it alone in pictures it is now dispelled. His first solo effort (he also produced) "The Delicate Delinquent" has more laughs and greater credibility than any epic he made with Dean Martin. He is now the

screen's top (and virtually only) comedian.

There are the makings of a dandy feud in the walkout of Frank Sinatra from Jerry's next TV show. Frank pleaded another date but Jerry is sore at the short notice. June Allyson and Dick Powell took off on a Hawaiian jaunt their first non-work vacation in years. Richest extra in movies: C. V. Whitney who took part in a parade in "The Missouri Traveler." The film is being made by his company.

By THE ASSOCIATED PRESS  
Johnny Podres, Brooklyn's stubby southpaw, emerged as the Dodgers' No. 1 "stopper" today, just when Manager Walt Alton had decided to crack down on his slipping National League champions.

The Brooks read a "no more race tracks" order from the skipper Monday after dropping four in a row. Alton figured his champs weren't paying enough attention to baseball.

Then along came Podres with a neat three-hitter that quieted the ambitious Philadelphia Phillies. It was Johnny's fifth victory, his fourth shutout—and the second time he has called a halt to a Dodger slump.

The last time the Brooks lost four in a row this season, it was the 24-year-old lefty who bailed them out, pitching a six-hit, 5-0 decision over the New York Giants May 12.

With the victory over the Phillies, the Dodgers climbed into a third-place tie with the idle Milwaukee Braves.

The Pittsburgh Pirates made it three in a row over New York by beating the Giants 6-5 Monday night in the only other game scheduled in the majors.

Podres struck out nine and walked four while dropping his earned run average to 2.05 Monday night and salvaging the final of a four-game set in Philadelphia.

The Dodgers, who had been out-hit only once during the four-game skid, smacked nine hits—including Gil Hodges' sixth home run and Gino Cimoli's sixth—to beat rookie Don Cardwell.

Hodges was 2-for-3 and scored three runs. He walked in the seventh and finally came home on Don Zimmer's single.

The Pirates, swinging for 11 hits off five pitchers, ran up a 3-0 lead in the second against starter Ruben Gomez, then came back with two against loser Joe Marmorek in the third after the Giants had tied it in the top of the frame.

Nelson King, who struck out Willie Mays and Dusty Rhodes to put down the Giants' comeback third, won his first in relief of Vern Law, but needed a mop up relief job from Elroy Face. King's squeeze bunt scored the clinching run in the fifth after Johnny O'Brien had tripped.

Cincinnati begins its second invasion of the east tonight at Philadelphia while Milwaukee plays at New York. Chicago's Cubs are at Brooklyn, with St. Louis at Pittsburgh.

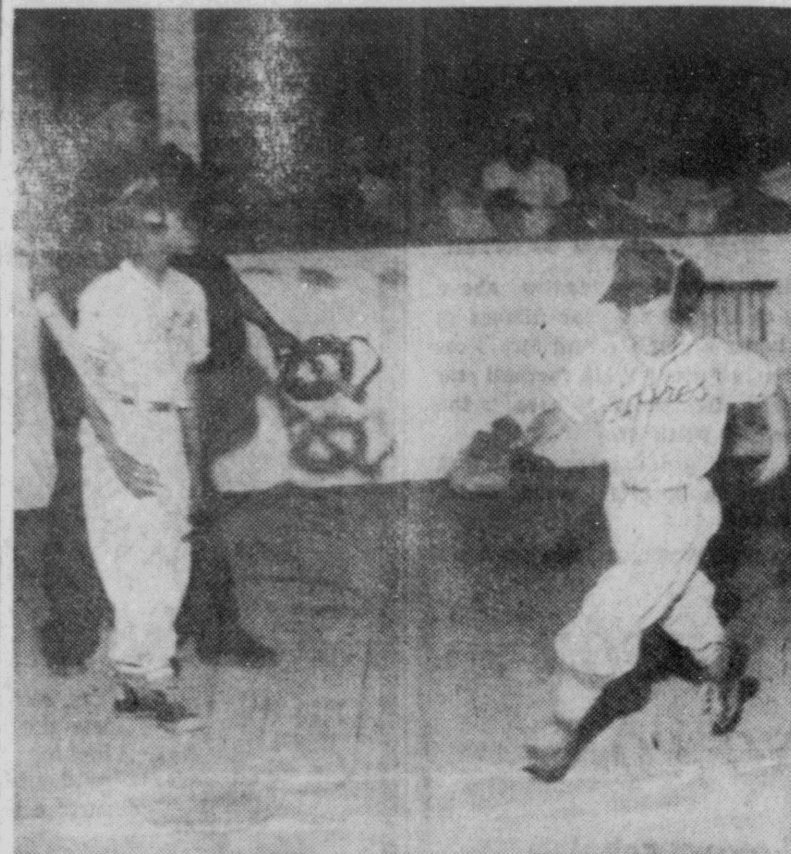

The Redlegs swept the east the last time around, starting a 12-game winning streak that hoisted them from fourth place (4½ games behind the then-leading Braves) into the lead.

In the American League, the Chicago White Sox stake their five-game lead against the east, opening against Boston tonight. The second place New York Yankees are at Cleveland, with Washington at Detroit and Baltimore at Kansas City.

IT'S SO EASY TO PLACE A WANT AD.

## Big Names in Golf Falter In U. S. Open Qualifying Test

By THE ASSOCIATED PRESS

Twenty-five golfers, some of them unknown except locally and one a teenager, outbattled some of the biggest names in golf at Cincinnati and Cleveland Monday to win berths in the National Open golf tournament at Toledo June 13-15.

More than 200 players competed at Cincinnati Golf Club and Kenwood Country Club in Cincinnati, and Aurora and Chagrin country clubs in Cleveland.

Biggest casualties in the Cincinnati qualifying rounds were Bob Toski of Miami, Fla., "world" champion and biggest professional money winner in 1954, and Dale Morey of Indianapolis, a one-time Walker Cup victor.

Among the also-rans at Cleveland's courses were Marty Furgol of Lamont, Ill., and Frank Boynton of Longwood, Fla.

Lloyd Mangrum, 1946 national champ, got in under the wire with a 144, trailing eight other Cleveland qualifiers.

Gay Brewer Jr., a 25-year-old assistant pro from the Cincinnati Country Club, led 11 Cincinnati qualifiers with a 9-under-par 133. Six strokes behind was Jack Nicklaus of Columbus, Ohio, a 17-year-old amateur.

Dow Finsterwald of Tequesta, Fla., and Athens, Ohio, one of the top money winners, barely made the grade. He defeated four others in a two-hole playoff to earn the last qualifying spot.

At Cleveland, Don Fairfield, a 28-year-old pro from Casey, Ill., shot a 5-under-par 136 to lead the field of qualifiers.

Qualifiers at Cincinnati: Gay Brewer Jr., Lexington, Ky., 133; Pat Schwab, Dayton, 134; Jack Nicklaus, Columbus, 139; Bill Campbell, Huntington, W. Va., 139; John Bulla, Phoenix, Ariz., 141; Al Atkins, Ashland, Ky., 142; Freeman Haywood, Cincinnati,

143; Pete Dye, Indianapolis, 144; Gene Coulter, Richmond, Ind., 144; Dow Finsterwald, Athens, Ohio, 145.

Qualifiers at Cleveland: Don Fairfield, Casey, Ill., 136; Howard Johnson, Houston, Tex., 137; Gardner Dickinson, Panama City, Fla., 140; Peter J. Mazur Jr., Lackawanna, N. Y., 142; Charles Wiperman, New Phila., Ohio, 143; Fred Wampler, Indianapolis, Ind., 143; Johnny Pott, Shreveport, La., 143; Leo Biagetti, St. Paul, Minn., 143; Henry Ramsom, St. Andrews, Ill., 144; George Bayer, San Gabriel, Cal., 144; Denny Shute, Akron, Ohio, 144; Lloyd Mangrum, Apple Valley, Cal., 144; Francis Winninger, Odessa, Tex., 145; Jim Ferree, Winston-Salem, N. C., 145.

## Doctor of Laws Awarded to Lewis

MORGANTOWN, W. Va. (AP)—John L. Lewis stood, solemn and expressionless, as the red hood of a doctor of laws was draped around his neck by President Irvin Stewart of West Virginia University.

But a wide smile broke his normally stony features as he returned to his seat, and later he shook hands cordially with a line of well-wishers—many of them coal miners.

For the 77-year-old president of the United Mine Workers, Monday's ceremony represented the first degree of any kind. Lewis quit school as a boy of 14 to go to work in the coal mines and he never got beyond the seventh grade.

## Reds Awaiting Phils; Thump Tribe by 8-3

CINCINNATI (AP)—Manager Birdie Tebbetts figures his prosperous Cincinnati Redlegs face a strong threat in the rising Philadelphia Phillies.

The Redleg pilot, whose hurling staff is still a somewhat doubtful factor, says the Phillies will show "just how important pitching is."

A new test of these hurling prospects comes tonight as the Reds open a three-game series in Philadelphia, starting a 12-day road trip.

But the Reds come with bright prospects. Cincinnati leads the National League, 2½ games ahead of the second-place Phillies. Cincinnati road trips this year have also been unusually productive.

For good measure, the Reds bring with them an extra victory, an 8-3 exhibition win wrested Monday night from Cleveland Indians at Crosley Field.

The Reds smacked 13 hits around the park, including run-producing doubles by Alex Grammas and Don Hoak.

A record crowd of 24,479 watched Cincinnati lose a three-run

lead, then break free from a tie with a run in the fourth inning and three more in the sixth to put the game on ice.

The game was the first time that fans saw slugger Ted Kluszewski get into the lineup since his old back ailment cropped up again early this year, and he was put on the disabled list.

## Students Up At 4 a. m. for Fishing Class

RALEIGH, N. C. (AP)—Maybe you could get students up for a class at 4 a.m. and still keep a waiting list for enrollment if you taught, well, say, fishing for instance.

So North Carolina State College teaches fishing, gets the students up at 4 a. m. and has applicants from 10 states in the limited class of 100.

This year, the annual short course in sports fishing will be held on an outer bank "campus" from Kitty Hawk to Hatteras, on both fresh water ponds and the Gulf stream.

Although the plush accommodations at a seaside resort, plus the nature of the curriculum, suggests that a week of study would be remarkably similar to a week's vacation package at \$25 a head, the short course really deals with serious business—speaking.

The stated purposes: Study the habits of sports fish. Discussion—with a panel of experts—on the variable factors involved in fishing success.

A briefing to develop appreciation of the general factors in fish management.

Specific uses and limitations of various kinds of fishing tackle, also worked out with a panel. Field trips, with expert fishermen as mentors.

That 4 a.m. class? It's a tough one. All day long students have to study deep-sea fishing in the Gulf stream off Cape Hatteras.

## Tax-Haunted Film Actors Now Turning to 'the Spread'

By BOB THOMAS

HOLLYWOOD (AP)—Here's a new wrinkle for the tax-haunted film star: The spread.

Dana Andrews is among those trying it. Last year he made three pictures and earned \$300,000. He found himself in a 91 per cent income tax bracket leaving him with pretty small pickin's at the end of the year.

He also had deals to give percentages of the films' profits. But unless a picture is a great grosser the star seldom sees any added revenue.

So for "Zero Hour" he arranged to be paid \$1000 a week for 100 weeks. The producers are delighted since they don't have to make a big salary outlay all at once. Dana is delighted because the money can be spread on three years' income. And Uncle Sam doesn't seem to mind.

If there was any doubt about Jerry Lewis' going it alone in pictures it is now dispelled. His first solo effort (he also produced) "The Delicate Delinquent" has more laughs and greater credibility than any epic he made with Dean Martin. He is now the

screen's top (and virtually only) comedian.

There are the makings of a dandy feud in the walkout of Frank Sinatra from Jerry's next TV show. Frank pleaded another date but Jerry is sore at the short notice. June Allyson and Dick Powell took off on a Hawaiian jaunt their first non-work vacation in years. Richest extra in movies: C. V. Whitney who took part in a parade in "The Missouri Traveler." The film is being made by his company.

## Jeff Blanks Seals In Babe Ruth Opener

In the opening Babe Ruth game of the 1957 season Jeffersonville beat the Insurance Assn. Seals, 2-0 behind the one-hit pitching of Cook at Jeffersonville, Monday evening.

## Aide Given Credit For Red Victory

NEW YORK (AP)—Stefan Redi will take an all-winning boxing record into the Army with him next Sunday, thanks to a big assist from second Johnny Sullio.

Little Johnny, an expert "cut" man, did a marvelous job in staunching the flow of blood from a deep, wide cut over Redi's right eye when it seemed almost certain that referee Al Berli would have to stop Stefan's TV bout with Frankie Ippolito Monday night at St. Nicholas Arena.

Sullio worked wonders in the corner and Redi, a Hungarian-born German now living in Passaic, N. J., rallied to gain a split decision in 10 rounds over Ippolito, a 32-year-old New Yorker.

Cook mowed down 17 Seal batters via the strike-out route and walked only three in an exhibition of excellent control.

First double plays of the season were executed by the Seals. The combination of Evans, Ribber and Campbell pulled off two of them.

Jeff's two runs came in the fourth inning when they bunched two bases on balls by Wright and two errors by the Seals.

ONLY HITS of the ball game were garnered by Campbell of the Seals and Bush and Fannin of the Jeff team.

In other Babe Ruth League action, Bloomington and Good Hope played to a 7-7 tie in seven innings, but the game was called because of darkness.

There will be no game played Wednesday in the circuit, but the Frozen Foods will meet the Medics Thursday, On Friday unbeaten Jeffersonville will take on Bray's. Two games will be played Saturday: Medics Vs. Bloomington and Good Hope Vs. Insurance Assn.

## English Derby Slated For Running Wednesday

EPSON, England (AP)—The greatest of all sporting extravaganzas, the English Derby, will be run Wednesday with an expected half million people packed into Epsom Downs for the 3-year-old classic first raced in 1780.

No annual single day sports event here outdraws the Derby.

The top contenders for the 177th running of the race which gave horse racing the word "derby" are Crepello and Douteille.

## Commemoration Rites Held at Conference

LAKESIDE (AP)—A commemorative service in memory of ministers and ministers' wives of the Ohio Conference of the Methodist Church who have died during the last year opened the conference's 19th annual session here today.

The Rev. J. B. Rosemurgy, pastor of the First Methodist Church, Newark, was the speaker.

## Indians Set For 3 Jousts With Yankees

CLEVELAND (AP)—The Cleveland Indians and New York Yankees meet here tonight in the opener of a three-game series which shapes up as a battle for second place in the American League.

New York is now in the runner-up spot, five games behind the pace-setting Chicago White Sox. The Indians are a half-game behind the Yankees.

Although the New Yorkers lost five of seven games to the tailenders (Washington and Baltimore) in their last two series, Tribe Manager Kerby Farrell is not counting them out of the pennant race. He feels that the pennant is "up for grabs" and looks for no team to run away with it.

"We'd be right up there if we only had some hitting," he says. "It's a struggle to win a game and when we lose one we really get beat."

Farrell has selected southpaw Bud Daley for mound duty tonight. He will be opposed by Tom Sturdivant, a righthander who has won three games and lost three. Daley's record is 1-3.

Daley will be making his first start against the Yankees. He holds one decision over them, having gained it in a relief role last year.

Farrell will send Early Wynn against the Yankees Wednesday night. Mike Garcia is expected to start the last game of the series Thursday afternoon.

The Indians will be home for two weeks. They play four games with Washington over the weekend, three with Boston and four with Baltimore next week.

IT'S SO EASY TO PLACE A WANT AD.

## 6 Yankee Fines Not Heaviest in Baseball History

CLEVELAND (AP)—The \$5,500 fine levied against six players by the New York Yankees ranks as the largest total docking ever administered by a major league club, but falls short of top player fine in history.

The Yankee fine—\$1,000 each against Mirkey Mantle, Hank Bauer, Billy Martin, Yogi Berra and Whitey Ford and \$500 against Johnny Kucks—tops the \$5,000 fines slapped on Yankee Babe Ruth in 1925 and Ted Williams of the Boston Red Sox in 1956.

Judge Kenesaw Mountain Landis, late commissioner of baseball, levied the largest fine of all time, \$12,000-plus, in 1921 against Yankees' Ruth, Bob Meusel and Bill Piercey for breaking his rule against post-season barnstorming.

## Demaret Condemns U. S. Open Rulings

WHITE PLAINS, N. Y. (AP)—Jimmy Demaret, one of the top personalities of professional golf, accused the U. S. Golf Assn. of "cheap practices" today and said some day the pros may boycott the National Open.

"It is stupid, absolutely ridiculous, to make a great champion like Sam Snead qualify for the open," said the 47-year-old three-time Masters winner from Kiamesha Lake, N. Y.

Snead qualified for the June 13-15 National Open along with a bevy of ranking professionals at the Knollwood and Metropolis country clubs here Monday.

## \$6500 Trans-America Pace Booked at Lebanon Friday

LEBANON—Harness horse fans in Ohio are expecting to see their biggest race so far this year Friday night when the \$6,500 Trans-America Pace attracts some of the top horses in the country to Lebanon Raceway.

One of a series of 15 events in which the purses total \$215,000 plus \$19,500 in entry fees, the race at Lebanon will be held on next to the last night of the 25-night spring meeting, now underway at the attractive Warren County fairgrounds.

Owners of 39 of the best pacers in the country paid the \$500 entry fee in February and April to become eligible to compete in the Trans-America.

An Ohio horse, Steam' Demon, owned by George W. Van Camp of Circleville, is one of the leading horses in the series, having won at Northville Downs and finished second in the first race at Rosecroft in Maryland. Last Friday, he was third at Maywood.

The top 10 horses in the \$10,000 and \$5,000 added events, being raced at Rosecroft, Buffalo, Northville Downs, Maywood, Lebanon, Hilliards, Fox Valley and Wolverline, will qualify for a \$50,000 race

at Yonkers Raceway in New York on July 12.

Ozark Chief, owned by Morris Zeinfeld of Maywood, Ill., won the first leg of the Trans-America at Rosecroft in 2:02.1, just nosing out Steam' Demon. At Northville May 24, there were 14 horses entered and the race had to be split with Steam' Demon, winning the first event in 2:02.2, and Widower Creed, owned by Thomas H. Loss of Swanton, taking the second event in 2:03.4.

Steam' Demon is more than a sentimental favorite among Ohioans. The four-year-old black colt, whose sire was Demon Hanover and whose dam was Conchita, has a record of two minutes flat. He started 30 times last year and won 22 of his heats, giving his owner a total of \$16,173.

VanCamp, a Circleville road contractor, had his heart set on owning a top-notch trotter when he bred his mare Conchita to the great sire, Demon Hanover. The foal was staked in all major events, including the Hambletonian, king of all the trotting events.

As a two-year-old, VanCamp gave Steam' Demon his first start in his hometown of Circleville—at an early spring matinee

where the top prize was only a blanket.

In that event, Steam' Demon was entered as a trotter and went into his first test with full determination.

But to the consternation of VanCamp, Steam' Demon was determined to pace, not trot. He headed the entire field in great fashion—but pacing free-legged all the way. The judges set him back to last place. VanCamp wrote off all his trotting stake-investments, and Steam' Demon has been pacing like a demon since.

Dartmouth first played intercollegiate hockey in 1905.

## Week's Umpires

Volunteer Little League umpires for the rest of the week will be:

Tuesday—Spike Jones, Dick Osborne and Richard Kelly;

Wednesday—No games scheduled;

Thursday—Ron Coffman, Maynard Leeth and Lyle Sowers;

Friday—Kelly, Joe Gray and Pete Gray;

Saturday—Joe Gray, Pete Gray and Coffman.

## Ohio Conference Star Is Signed by Baltimore

BALTIMORE (AP)—Walter Livingston, 21, outstanding halfback at Heidelberg College in Tiffin, Ohio, signed with the Baltimore Colts of the National Football League Monday. Livingston, voted outstanding back in the 14-school Ohio Conference last season, broke all rushing and scoring records at Heidelberg by accumulating 3,711 yards and 58 touchdowns in four years of play.

## Lebanon Results For Monday

FIRST RACE—30 Trot: (1) Hatie O. (2) Bee Butler. (3) Buena Bob. Time: 2:13.2. Also started: Cairo, Janey Sayre, Bright Time, Shangri La Carol, Clever Guy Abbe.

SECOND—28 Pace: (1) El Dora Pal. (2) The Burro. (3) Lucinda Jane. Time: 2:12.1. Also started: Zabud, Ramel Grattan, Thelma Cash, Big Dan, Sy Abbe.

THIRD—D Trot: (1) Virgine's Jimmie. (2) Victory Chest. (3) Grand Mary Volo. Time: 2:12.2. Also started: Signal Bravo, Fanny K, Darnelwyn, Success Clara.

FOURTH—D Pace, 1st Div.: (1) Miss Wilma Dale. (2) Willine Way. (3) Bay Song. Time: 2:09.1. Also started: Rushing Wick, Royal Hal Ranger, Roxburgh Eisel, Danny Rosecroft.

FIFTH—C Trot: (1) Lewis Jazoff. (2) Clever Curley. (3) Magie Maguire. Time: 2:11. Also started: Pastime Lee, The Blizard, J. G. Mac, May Chesta, Terry Chief.

SIXTH—C Pace: (1) Count On. (2) Patsy Way. (3) Drex Cash. Time: 2:06.3. Also started: Lord Wingay, Mr. Griff, Bulliken, Fortuna Barnes, Luther Rosecroft.

SEVENTH—D Pace, 2nd Div.: (1) Candy's Comet. (2) Sharon K. Bradford. (3) Clever Lad. Time: 2:10.1. Also started: Cadillac Lad, Erastus, Troy Harover, Patsy Nutonia, Buddy Adams.

EIGHTH—26 Pace: (1) Edgewood Hedrick. (2) Directum Clay. (3) Hamilton's King. Time: 2:09.4. Also started: Shangri La Nelva, Fleet Counsel, Sam Parker, Lucky Song.

## Lebanon Entries For Wednesday

First Race: 30 Trot, 1 Mile, \$400—Halla Song, C. Miller; Nikki Nixon, M. Nixon; Huntington, F. Stotler; Flippy Mac, H. McGinnis; Pershing's Lady, R. Fiesel; Ruth Will, R. Frye; Buck R. Volo, L. Applegate; Trampand, W. Sargent. Also Eligible: Cherokee Lady, C. Baker; Charlotte Sayre, C. Sayre.

Second Race: 26 Pace, 1 Mile, \$400—Soso Lite, J. Barnes; Low Ebb, R. Farrington; Royal Heritage, H. Beatty; Sam Parker, Wm. Albers; Gene L. Todd, H. Foist; Mike's Counsel, W. Mikesell; Tena Abbe, R. Butt; Fleet Counsel, C. Miller. Also Eligible: Willine Way, D. Edwards; Shangri La Nelva, R. Rankin.

Third Race: D Pace, 9-16 Mile, \$400—Cory Jane, S. Calli; Lady Rhapsody, J. Applegate; Highlawn Wallace, E. Bailly; Buddie Dale, H. Cunningham; Buckeye Midge, D. Edwards; Miss Dean Guy, R. Beasley; Rusty Star, R. Thuney; Adrian Boy, W. Shuter. Also Eligible: Fancy Gal, A. Tucker; Vi Adam, G. Williams.

Fourth Race: C Pace, 1 Mile, \$450—Shirleywill, G. Wilkin; Hazel Val, R. Farrington; Bubbling Over, J. Sullitt; Roxburgh Bomb, J. Isaacs; Bachelor Ed, G. Williams; Eye Catcher, C. Miller; H. Volo, H. Foist; Shanty Queen, R. Rankin. Also Eligible: Grace Lawful, M. Ferguson; Jack Dillard, G. Hiatt.

Fifth Race: B Pace, 1 Mile, \$500—Bonnie Will, A. Tucker; Grand Luck, H. Foist; Honey Fingo, G. King; Indian Song, C. Cox; Hi Lo's Cavalier, W. Anspaugh; Phyllis Kay, J. James; Max Grattan, J. Isaacs; Bonnie Sue Counselor, D. McConaughy. Also Eligible: Peggy Barnes, W. Shuter.

Sixth Race: A Pace, 1 Mile, \$600—Gimme, D. Peterson; Dr. Turner, F. Johnson; Widener Boy, C. Cox; Hoot's Dream, C. Sims; Peter Hope, D. Edwards; Solo Song, E. Samples.

## Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced\* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated extra kindly, too—with springs assists to help

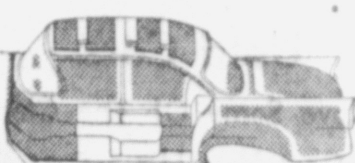

them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff!

Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most costly cars go this far to bring you super-smooth performance!

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

# Jeff Blanks Seals In Babe Ruth Opener

In the opening Babe Ruth game of the 1957 season, Jeff Blanks beat the Insurance Assn. Seals, 2-0 behind the one-hit pitching of Cook at Jeffersonville, Monday evening. Wright, on the mound for the Seals, gave up only two hits but met his downfall when he walked 12.

# Aide Given Credit For Redl Victory

NEW YORK (AP)—Stefan Redl will take an all-winning boxing record into the Army with him next Sunday, thanks to a big assist from second Johnny Sullo.

Little Johnny, an expert "cut" man, did a marvelous job in staunching the flow of blood from a deep, wide cut over Redl's right eye when it seemed almost certain that referee Al Berl would have to stop Stefan's TV bout with Frankie Ippolito Monday night at St. Nicholas Arena. Sullo worked wonders in the corner and Redl, a Hungarian-born German now living in Passaic, N. J., rallied to gain a split decision in 10 rounds over Ippolito, a 22-year-old New Yorker.

# Lebanon Results For Monday

FIRST RACE—30 Trot: (1) Hathe O. (2) Bee Butler. (3) Buena Bob. Time: 2:13.2. Also started: Cairo, Janey Sayre, Bright Time, Shangri La Carol, Clever Guy Abbe.

# Indians Set For 3 Jousts With Yankees

CLEVELAND (AP)—The Cleveland Indians and New York Yankees meet here tonight in the opener of a three-game series which shapes up as a battle for second place in the American League.

New York is now in the runner-up spot, five games behind the pace-setting Chicago White Sox. The Indians are a half-game behind the Yankees.

Although the New Yorkers lost five of seven games to the tail-enders (Washington and Baltimore) in their last two series, Tribe Manager Kerby Farrell is not counting them out of the pennant race. He feels that the pennant is "up for grabs" and looks for no team to run away with it.

"We'd be right up there if we only had some hitting," he says. "It's a struggle to win a game and when we lose one we really get beat."

Farrell has selected southpaw Bud Daley for mound duty tonight. He will be opposed by Tom Sturdivant, a righthander who has won three games and lost three. Daley's record is 1-3.

Daley will be making his first start against the Yankees. He holds one decision over them, having gained it in a relief role last year.

Farrell will send Early Wynn against the Yankees Wednesday night. Mike Garcia is expected to start the last game of the series Thursday afternoon.

The Indians will be home for two weeks. They play four games with Washington over the weekend, three with Boston and four with Baltimore next week.

WANT AD.

# 6 Yankee Fines Not Heaviest in Baseball History

CLEVELAND (AP)—The \$5,000 fine levied against six players by the New York Yankees ranks as the largest total docking ever administered by a major league club, but falls short of top play-fine in history.

The Yankee fine—\$1,000 each against Mickey Mantle, Hank Bauer, Billy Martin, Yogi Berra and Whitey Ford and \$500 against Johnny Kucks — tops the \$5,000 fines slapped on Yankee Babe Ruth in 1925 and Ted Williams of the Boston Red Sox in 1956.

Judge Kenesaw Mountain Landis, late commissioner of baseball, levied the largest fine of all time, \$12,000-plus, in 1921 against Yankees' Ruth, Bob Meusel and Bill Piercey for breaking his rule against post-season barnstorming.

# Demaret Condemns U. S. Open Rulings

WHITE PLAINS, N. Y. (AP)—Jimmy Demaret, one of the top personalities of professional golf, accused the U. S. Golf Assn. of "cheap practices" today and said some day the pros may boycott the National Open.

"It is stupid, absolutely ridiculous, to make a great champion like Sam Snead qualify for the open," said the 47-year-old three-time Masters winner from Kiamisha Lake, N. Y.

Snead qualified for the June 13-15 National Open along with a bevy of ranking professionals at the Knollwood and Metropolis country clubs here Monday.

# \$6500 Trans-America Pace Booked at Lebanon Friday

LEBANON—Harness horse fans in Ohio are expecting to see their biggest race so far this year Friday night when the \$6,500 Trans-America Pace attracts some of the top horses in the country to Lebanon Raceway.

One of a series of 15 events in which the purses total \$215,000 plus \$19,500 in entry fees, the race at Lebanon will be held on next to the last night of the 25-night spring meeting, now underway at the attractive Warren County fairgrounds.

Owners of 39 of the best pacers in the country paid the \$500 entry fee in February and April to become eligible to compete in the Trans-America.

An Ohio horse, Steamin' Demon, owned by George W. Van Camp of Circleville, is one of the leading horses in the series, having won at Northville Downs and finished second in the first race at Rosecroft in Maryland. Last Friday, he was third at Maywood.

The top 10 horses in the \$10,000 and \$5,000 added events, being raced at Rosecroft, Buffalo, Northville Downs, Maywood, Lebanon, Hilliards, Fox Valley and Wolverine, will qualify for a \$50,000 race

at Yonkers Raceway in New York on July 12.

Ozark Chief, owned by Morris Zeinfeld of Maywood, Ill., won the first leg of the Trans-America at Rosecroft in 2:02.1, just nosing out Steamin' Demon. At Northville May 24, there were 14 horses entered and the race had to be split with Steamin' Demon, winning the first event in 2:02.2, and Widower Creed, owned by Thomas H. Loss of Swanton, taking the second event in 2:03.4.

Steamin' Demon is more than a sentimental favorite among Ohioans. The four-year-old black colt, whose sire was Demon Hanover and whose dam was Conchita, has a record of two minutes flat. He started 30 times last year and won 22 of his heats, giving his owner a total of \$16,173.

VanCamp, a Circleville road contractor, had his heart set on owning a top-notch trotter when he bred his mare Conchita to the great sire, Demon Hanover. The foal was staked in all major events, including the Hambletonian, king of all the trotting events. As a two-year-old, VanCamp gave Steamin' Demon his first start in his hometown of Circleville—at an early spring matinee

where the top prize was only a blanket.

In that event, Steamin' Demon was entered as a trotter and went into his first test with full determination.

But to the consternation of VanCamp, Steamin' Demon was determined to pace, not trot. He headed the entire field, roared down the homestretch in great fashion—but pacing free-legged all the way. The judges set him back to last place. VanCamp wrote off all his trotting stake-investments, and Steamin' Demon has been pacing like a demon since.

Dartmouth first played intercollegiate hockey in 1905.

# Week's Umpires

Volunteer Little League umpires for the rest of the week will be:

Tuesday — Spike Jones, Dick Osborne and Richard Lelly;

Wednesday — No games scheduled;

Thursday—Ron Coffman, Maynard Leeth and Lyle Sowders; Friday—Kelly, Joe Gray and Pete Gray; Saturday—Joe Gray, Pete Gray and Coffman.

# Ohio Conference Star

Is Signed by Baltimore

BALTIMORE (AP)—Walter Livingston, 21, outstanding halfback at Heidelberg College in Tiffin, Ohio, signed with the Baltimore Colts of the National Football League Monday. Livingston, voted outstanding back in the 14-school Ohio Conference last season, broke all rushing and scoring records at Heidelberg by accumulating 3,711 yards and 58 touchdowns in four years of play.

# Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury.  
Ford is lowest priced\* of the low-price three, yet offers values  
you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated extra kindly, too—with spring assists to help

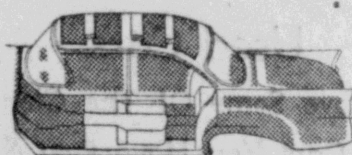

them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff!

Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most costly cars go this far to bring you super-smooth performance!

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.\* Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Government Aides Lampoon  
Themselves and Red Tape

By JANE EADS

WASHINGTON (AP)—Form 57  
never seemed funny to folks who  
had to fill it out in seeking a job  
with the government, but top offi-  
cials and hired hands lampooning  
themselves and government red  
tape in a skit inspired by the same  
drew plenty of laughs among col-  
leagues.

Starting in "Fifty-seven Varie-  
ties", a two-hour review put on by  
State Department and United  
States Information Agency em-  
ployees, were such bigwigs as Ar-  
thur Larson, boss of USA, playing  
a guitar; Andrew Berding, new as-  
sistant secretary of state for pub-  
lic affairs, performing on a musi-  
cal saw, and USA Deputy Direc-

tor Abbott Washburn on the piano.  
Berding's talented wife, Alice, con-  
tributed to the fun with an original  
song titled "I'm in the Public Do-  
main."

Others having a hand in the even-  
ing's entertainment included Rob-  
ert Button, director of Voice of  
America, who played the piano for  
rehearsals four nights a week, and  
Evelyn Eisenstadt, head of the  
copyright clearance department  
who acted as choreographer. Her  
caneing chorus was known as  
"Evie's Bebies."

The new Air Force chief of staff,  
Gen. Thomas White, and his wife  
have a house full of hobbies in  
their Ft. Myer, Va., quarters, in-  
cluding 15 tanks full of tropical  
fish collected on "field trips" in  
Brazil, Mexico and Panama.

Overheard at a Washington party,  
this remark by Sen. Hubert  
Humphrey (D-Minn): "This term  
modern Republicanism is just like  
saying new antiques."

Mrs. Nathan M. Pusey, Iowa-  
born wife of the Harvard Univer-  
sity president, says she was de-  
lighted when a woman told her at  
a Washington party she had a  
"Boston face."

Thais in Washington celebrated  
Parinivana, the 2500th anniver-  
sary of the birth of Buddha, with  
an impressive candlelight proces-  
sion in the Thailand Embassy gar-  
dens. Burmese Ambassador U  
Win, who was his country's form-  
er minister of religion and is re-  
garded as the leading Buddhist re-  
siding in the capital, was invited  
to address the celebrants.

First Atlas  
Test Slated  
For Friday

SAN DIEGO, Calif. (AP)—The first  
test launching of the Convair At-  
las intercontinental ballistic mis-  
sile has been set for Friday at the  
Patrick Air Force Base in Flori-  
da, the San Diego Union said in a  
copyrighted story Monday night.

The story, by the paper's mili-  
tary editor, Rembert James, said  
the missile's maiden flight from  
the site will be 2,000 miles, con-  
siderably less than half its max-  
imum distance.

James, quoting authoritative  
sources, said the Atlas will attain  
an altitude of around 700 miles,  
then turn right, proceed south-  
eastward past a chain of island  
tracking stations and fall into  
empty tropical waters.

President Eisenhower is sched-  
uled to be in Florida Friday. Al-  
though he is not scheduled to vis-  
it the missile testing base, James  
said there was speculation that  
he may witness the Atlas test.

The Atlas' strategic purpose is  
to destroy targets in the 1,500-to-  
5,500-mile range. It is designed  
to carry a hydrogen warhead and  
travel from the United States to  
Moscow in 30 minutes.

No Harm Seen  
In Exercise  
For Heart

NEW YORK (AP)—Exercise, properly  
adjusted to the individual, looks  
good for most human hearts, Dr.  
J. W. Wilce of Columbus, Ohio,  
said today.

The old idea that most athletes  
die before they are 50 is just not  
so, he says in an exhibit present-  
ed to the American Medical Assn.  
convention.

But, he cautions, the amount of  
activity should be carefully ad-  
justed to the individual. As yet  
there are no foolproof medical  
tests to determine this easily.

Much depends upon a person's  
past medical history, and heredi-  
tary. Some people, said Wilce, in-  
herit "hearts of oak, while others  
are poplar trees" which more  
easily give way under stress.

Wilce said athletics "do not  
cause heart disease or injure the  
normal heart," if "normal" is de-  
fined as meaning a heart not af-  
fected or exposed to any particu-  
lar infection or treatment before-  
hand.

Secret Files Ordered Bared In Government Prosecution

WASHINGTON (AP)—The Supreme Court has ruled the government must produce relevant secret files in criminal cases or abandon prosecution.

The ruling came in a decision ordering a new trial for Clinton E. Jencks, former union official.

Jencks was convicted in U. S. District Court in El Paso, Tex., on charges that he falsely denied Communist party membership in an affidavit filed with the National Labor Relations Board under the Taft-Hartley labor law.

The court voted 7-1 to give Jencks a new trial, but divided 5-3 on the question of production of reports which had been submitted to the FBI by key witnesses against Jencks.

Jencks filed the required non-Communist affidavit while an official of the International Union of Mine, Mill and Smelter Workers.

Upon his conviction Jencks received a five-year sentence. Later he contended he should have a new trial because of testimony given against him by turnabout witness Harvey F. Matusow and J. W. Ford.

Both were identified as Communist party members, paid by the

PUBLIC SALES

WEDNESDAY, JUNE 5  
MR. & MRS. HARRY HIXON—Sale of appliances and household goods located at 413 Florence Avenue at the west edge of Sabina, Ohio, in Plainville Addition. Beginning at 1:00 p. m. Sale conducted by The Bailey-Murphy-Darbyshire Co.

THURSDAY, JUNE 6  
ROADS MOTOR SALES — Modern business building, 832100, with connecting point and body shop, performing together with all shop equipment, accessories, new Dodge and Plymouth parts, equipment, and accessories. Located at 2 p. m. Sale conducted by The Bailey-Murphy-Darbyshire Co.

LEGAL NOTICE TO BIDDERS  
Sealed proposals, bearing the title of the work and name of the bidder will be received by Fred Rost, Clerk for the Board of Education of the Washington Court House City School District, Washington, C. H., Ohio, until 12 o'clock noon, Eastern Standard Time on Wednesday, June 5, 1957, and will be opened and read aloud immediately thereafter, for the new boiler installation in the High School Building, in accordance with plans specifications as prepared by Thomas D. McLaughlin and John J. Kelly, Architects, Lima, Ohio. General, Plumbing and Electrical work incidental to the boiler installation will be included in the contract.

Drawings and specifications and contract documents are available for inspection at the offices of the Owner and the Architect. Drawings and specifications for the personal use of contractors may be obtained from the Architect upon deposit of \$3.00 which will be refunded upon return of said drawings and specifications within 10 days from the date of receiving bids.

Each bid must be submitted on blanks obtained from the Architect, and must contain the name of every person interested therein and be accompanied by a Surety Company's bond, made payable to the Treasurer of the Board of Education, in an amount equal to 5 per cent of the bid, as a guarantee that if the bid is accepted, a contract will be entered into in accordance with the drawings and specifications and general conditions of the contract and bond form on file, and the performance of the contract secured by a Surety Company Contract Bond, approved by the Owner, in an amount equal to 100 per cent of the contract price.

No bidder may withdraw his bid for a period of thirty days after the opening thereof.

The right is reserved by the Board of Education to reject any or all bids and to waive informality.

By order of the Board of Education of the Washington Court House City School District, Washington, C. H., Ohio.

## Hospital Board Meets Monday

### Procedures Reviewed With Prosecutor

Most of the regular bi-monthly session of the Memorial Hospital trustees Monday evening was taken up in conference with County Prosecutor Rollo M. Marchant with reference to various technical procedures in matters affecting hospital activities.

One of the subjects was the matter of slight changes in the constitution and by-laws of the hospital to conform to recent decisions of the board of trustees as to times of meetings and a few other similar matters. The prosecutor agreed to prepare proper legal forms for this.

A large part of the conference was devoted to legal opinions sought by the board which would protect the hospital in following strict interpretations of the present law which was changed some time ago to place county hospitals in the state on their own responsibility.

The prosecutor verbally gave his opinions on some of the questions and on others agreed to render a written opinion on various procedures, as a protection to hospital trustees and employees. One question related to liability insurance for the hospital staff and employees.

DURING the board meeting it was agreed that a resolution would be prepared by Marchant to be sent by the hospital board to the Fayette County Board of Commissioners asking that board to take necessary steps with reference to placing before the voters at the November election a bond issue for proposed improvements at the institution.

Meantime preliminary plans and estimates are being prepared by Curtis Incho, Columbus architect, so that full information as to proposals will be available to the commissioners and to the general public.

The architect is expected to attend the next regular meeting of the hospital board on the third Monday evening of the month, June 17.

## Little League Season

(Continued from Page One)  
Little League race was on. Lambert did not move off the bases, as Mosley got to work quickly and retired the next three batters.

Left handed Billy Halliday, pitching for the Flashes, went Mosley one better and put the Realtors down in order in the bottom of the first inning.

Billy Naylor, catcher, led off the top of the second inning with a base-on-balls and went to second on Billy Halliday's single. Terry Armbrust then singled to load the bases. Naylor quickly scored the first tally of the 1957 season on an overthrow by the catcher.

DANNY KELLY and John Harris were retired on strikes, but Myron Lambert, up for his second turn at bat in the game, scored Halliday and Armbrust with the second is his five hits. Lonnie Lindsey to end the inning.

Ronnie Owen, Realtor right fielder, led off their half of the inning with the first home run of the season, a long drive that cleared the left field fence. However, that was the extent of the Realtors scoring in that inning.

Neither team scored in the third or fourth innings.

In the top of the fifth, however, the Flashes broke the game apart with all nine men appearing at the plate and five of them scoring a run. This outburst was highlighted by a bases-outburst single by Danny Kelly.

Attempting to make a comeback the Realtors scored 3 runs in the bottom of the fifth. Tommy Townsend led off that inning with a walk and was sent to second on Jimmy Fletcher's single. After John Struck out, Ronnie Owen plated Townsend and Fletcher with a double off the glove of centerfielder Lindsey who make a hard run for the ball. Owen reached the plate on Randy Lisk's single, but Lisk ended the inning by trying to stretch it into a double.

ALTHOUGH the Flashes had scored eight runs in the previous five innings, their bats were not silenced as they scored two more

## Courts

### TITLE IS QUIETED

Judge John P. Case in an entry made Monday, issued an edict quieting title to certain property at Olive St. and Columbus Ave., finding that Henry Frydman, plaintiff in the suit, was entitled to the property.

Frydman had filed the action against Howard E. Baker and others, and the case was heard before Judge Case on its merits.

### REAL ESTATE TRANSFERS

Retta Ott, by executor, to Alpha Realty Co., 168 acres, Madison Twp.

Blanche McLean Landrum et al. to Jack Persinger Jr., half lot 156, Rawlings addition, city.

Jess Gilmore to David G. Looker et al., part lot Brownell-Gilmore annexation, city.

May Haymaker, by certificate of transfer, to Elmer Haymaker, undivided half interest in 180 acres and 296 acres in Union, Paint and Madison Twp.

Grace M. Kneisley to Clay Fannin, part lot 6, Jeffersonville.

Ralph E. Thompson to Lillian M. Ringwalk, undivided half interest in lot 601 and part lots 600, 604 and 605 Melvin addition, city.

Forest Stephenson et al. to Allen Dumford et al., third interest in 1.14 acres, Union Twp.

### MARRIAGE LICENSES

Walter Baker, 36, Shumay, Ill., Air Force, and Charlotte Marie Scott, 32, city, waitress.

Andrew Slozot, 35, Conneaut Lake, Pa., minister, and Donna Belle Stookey, 36, city, singer.

William Langley Scott, 23, Morgan County, Air Force, and Patricia Ann Roberts, 20, Route 1, city, bookkeeper, daughter of Mrs. William Roberts.

## Somberness Is Keynote For Graduates

### By THE ASSOCIATED PRESS

With many of this year's commencement ceremonies out of the way, Ohio's college graduates prepare now to step out into what commencement orators paint as a sad and mournful future.

Bleakness marked the tone of commencement speeches Monday as 733 seniors and graduate students received degrees from seven Ohio colleges and universities.

Norman Cousins, editor of the Saturday Review of Literature, speaking at Wilmington College, said the human race faces extinction if atom and H-bomb tests continue.

Sen. Frank Lausche (D-Ohio) addressing the Capital University commencement, told students that "if America is only an idea of making things and selling things, then the New World has failed in its promise."

At Otterbein College, Milburn P. Akers, executive editor of the Chicago Sun-Times, cautioned that unless we preserve our spiritual and moral values, our way of life will "degenerate and disappear."

Other speakers at Kenyon and Western College talked in similar veins. Lausche perhaps summed up the general somberness: youth has been required to come so quickly to full responsibility and maturity."

via a base cleaning single by Myron Lambert.

Billy Halliday retired the Realtors in order in their half of the inning to put the game away for the Flashes.

Tonight's Little League action features the Coca Cola Jets against the Sunshine Cubs.

Thursday the Me d-O-Pure Cowboys will tangle with the Korn Kernels, and Friday the Sunshine Cubs will take on the Flashes. The first double header of the 1957 season will be played Saturday with the Realtors meeting the Cowboys in one tilt and the Kernels against the Jets in the other.

### Ike Planning Cruise

WASHINGTON (AP) — President Eisenhower and a group of his top aides will observe maneuvers from aboard the new supercarrier Saratoga off the Florida Coast Thursday and Friday.

## C. of C. Speaker To Diagnose John Public's Buying Habits

Why is it that John Doe, citizen, buys the big car with the two-tone paint job instead of the little foreign model?

Or why does his neighbor buy the little foreign model instead of the big car with the two-tone paint job?

Don Brockman, assistant to the director of sales planning at the Standard Register Co., Dayton, will try to answer these questions at the annual meeting of the Washington C. H. Chamber of Commerce Thursday at the Country Club.

President of the Dayton Toastmasters Club, Brockman will speak on "What Makes People Buy?"

RESERVATIONS for the banquet, which will feature Brockman's talk, reports from Chamber officers and a fried chicken dinner must be in by Tuesday night, Chamber Manager William Stoughton said.

Formerly a specialist in all phases of direct mail advertising, Brockman has worked in sales pro-

DON BROCKMAN

motion in both the retail and industrial markets.

Emerson Marting will be toastmaster for the banquet. Five new board members, selected by mail ballots, will be formally introduced.

Proposed amendments to the constitution and by-laws — mostly procedural changes — will be discussed.

Postal card reservation forms have been sent to all members, Stoughton said. Tickets are also available at the Downtown Drug Store and at the Chamber office.

## Rural Mail Box Fix-Up Time Is Here Again

Don't look now, but good old Rural Mail Box Improvement season has rolled around again.

Caught you with your banners down?

Well, the U. S. Post office doesn't ask for banners.

All they want is for folks on rural mail routes to take a little time during the next couple of weeks to make sure their mail boxes are in serviceable shape.

"Names of owners must be painted on the side, visible to the carrier," Postmaster Clark Wickensimer observes, adding, "the boxes and supports should be painted."

"The bottom of the box must be 3 1/2 to four feet above the roadway, and the whole unit must be located on the right side of the road in the direction of the carrier's travel."

And — ah — one other thing. Try to get those wasps nests out of there!

### Airport Boss Sees

#### House Moved Again

COLUMBUS (AP)—Airport superintendent Francis A. (Jack) Bolton has been forcibly reminded again that Port Columbus municipal airport here is expanding.

For the second time in four years, the house where Bolton and his family live is being displaced by construction of new airport facilities. The Bolton home was almost removed on another occasion. A Navy plane, making a forced landing, cropped off a corner.

## Drillers Strike Hard Stone

Apparently striking the hardest stone yet encountered, the Kewanee Oil Co. drill was able to cut through only 70 feet in 24 hours. At 8 a. m. Tuesday the test hole was 3,065 feet in depth.

The average previously had been somewhat over 100 feet every 24 hours.

Just what strata of stone has been reached has not been announced, under a policy of the company to withhold all information as to the type of formation encountered.

A test run on the well early Tuesday to ascertain if it is still straight down is said to have shown a "Bull's eye" which indicates that it is continuing perfectly straight, regardless of the type of formation encountered.

### Japanese Protesting

TOKYO (AP)—About 100 Japanese marched back and forth in front of the British Embassy today singing "peace" songs and carrying placards protesting the British nuclear weapon tests in the Christmas Island area.

## New Recreation Program Begins

### City Park Cage Court Is Readied

About 70 youngsters and approximately a dozen adults took advantage of a new city-county recreation program on opening day at the two community parks. Monday.

"It's a fine start," Program Director Fred Domenico said. "Naturally, those figures don't indicate much of a crowd," Domenico admitted, adding, "but we expect it will take a couple of weeks for the idea to catch on, and that's a good way to begin."

First orders of business now are the basketball court, being blacktopped at the City Park on Millikan Ave. and the softball diamond under construction at the other end of the same park.

"THE COURT may be ready in a few days; the diamond will take a little longer," Domenico predicted.

About 45 grade school youngsters showed up Monday morning to take part in relay and throwing games, as well as improvised softball, Domenico observed. An additional 25 turned out for volleyball in the afternoon.

Adults were out playing tennis until late, he added.

"I'd like to get some more youth volleyball teams—mixed if possible—and some softball groups," the director said.

The organized program will be conducted from 8 a. m. to 9 p. m. Monday through Friday throughout the summer at the City Park on Millikan Ave. and Gardner Park on Circle Ave. Domenico is in charge of the program. Assistant are Roger McLean and Jim Wilson, former Washington C. H. High School athletes.

## Grand Jury Shuns Arson Case Data

CANTON (AP)—George W. Wright, 60, Alliance, jailed May 7 for arson in connection with a fire at an Alliance residence in which a woman boarder perished, was freed Monday after the Stark County grand jury failed to consider the case.

Prosecutor Norman J. Putnam said Wright had been cleared of any criminal charge in the blaze which resulted in the death of Mrs. Pauline Dixon.

The prosecutor said investigators learned that a person who claimed to have seen Wright near the burning residence had misinformed them.

## Judge Files Demurrer To Walls Petition

Judge John P. Case of Common Pleas Court Tuesday afternoon filed a demurrer to Mrs. Beverly Chickner Walls' petition in which she asked the Circuit Court of Appeals for a writ to prohibit the Fayette County judge from taking any action in her case.

Mrs. Walls had asked the Court of Appeals to strike from the Common Pleas Court record Lere Judge Case's entry and order continuing her trial for embezzlement from June 3 and barring her attorney, J. Harvey Crow of Urbana, from representing her or any other client in his court.

Mrs. Walls, under indictment for embezzlement of \$9,874 from the Washington C. H. High School activity fund while a clerk in the office of the principal, was to have gone on trial the day Judge Case filed his demurrer.

Crow was disbarred by a three-judge court, of which Judge Case was a member, a little more than two years ago. He appealed to the Court of Appeals and was granted a stay of execution. He continued to practice under the stay until the Court of Appeals affirmed the lower court's disbarment and made the final entry May 24.

Crow carried his appeal to the Ohio Supreme Court, which will hear his arguments for a stay of execution June 12.

Judge Case's demurrer of only 45 words contends Mrs. Walls' petition "does not state facts essential and necessary to justify the issuing of a writ of prohibition."

## Tractor-Mower Contract Awarded By City Manager

Contract for a new tractor-mower was awarded Tuesday by City Manager James F. Parkinson to Denton's Farm Implement Co. which submitted a net bid including trade-in allowance of \$1,764 on an International.

Parkinson pointed out that the Fayette County Farm Bureau Co-op had submitted a lower bid of \$1,664.46 on a Ford, but that the second low offer was accepted because the International provides 10 additional horsepower and 1,300 pounds of additional weight.

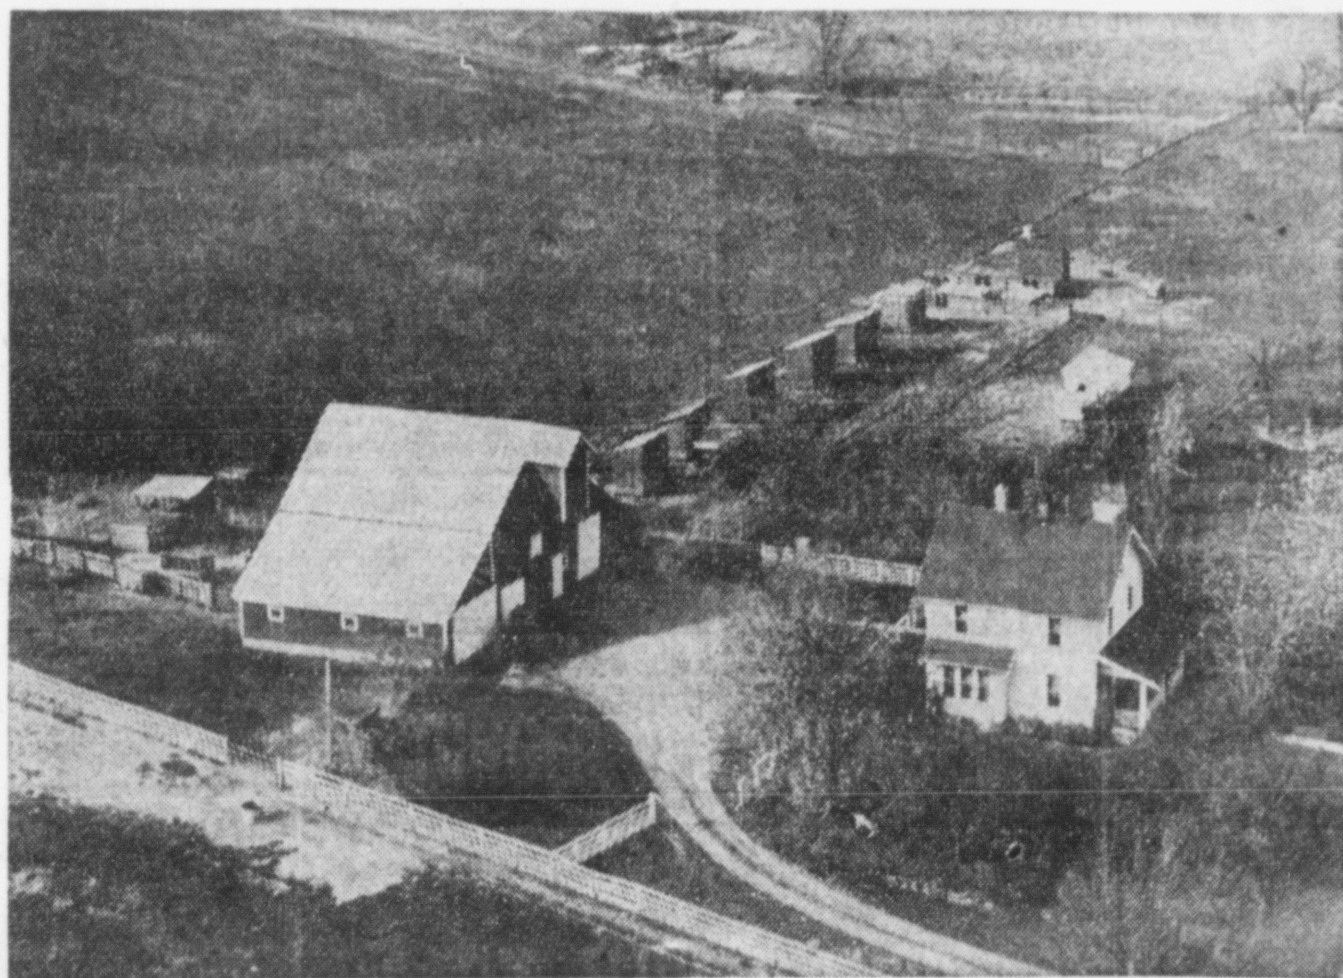

The extra weight and power are needed because a tractor-mower is used to pull the city's heavy leaf-gathering machine during the fall months. Parkinson pointed out.

## New Traffic Light At Market, Delaware

The City of Washington C. H. put its 21st traffic light in operation Tuesday—at the intersection of Market and Delaware Sts.

The light was authorized by City Council some time ago, but the installation was held up pending completion of the city's new Monotrol traffic light system in the downtown area.

The delay saved the municipal treasury something over \$200, since one of the controllers used in the old system was salvaged and is being used to operate the new light.

The Market-Delaware intersection has been the scene of a number of bad accidents in recent years, and Council felt that the volume of traffic there easily justified a traffic signal.

Little League race was on. Lambert did not move off the bases, as Mosley got to work quickly and retired the next three batters.

Left handed Billy Halliday, pitching for the Flashes, went Mosley one better and put the Realtors down in order in the bottom of the first inning.

Billy Naylor, catcher, led off the top of the second inning with a base-on-balls and went to second on Billy Halliday's single. Terry Armstrong then singled to load the bases. Naylor quickly scored the first tally of the 1957 season on an overthrow by the catcher.

DANNY KELLY and John Harris were retired on strikes, but Myron Lambert, up for his second turn at bat in the game, scored Halliday and Armstrong with the second in his five hits. Lonnie Lindsey to end the inning.

Ronnie Owen, Realtor right fielder, led off their half of the inning with the first home run of the season, a long drive that cleared the left field fence. However, that was the extent of the Realtors scoring in that inning.

Neither team scored in the third or fourth innings.

In the top of the fifth, however, the Flashes broke the game apart with all nine men appearing at the plate and five of them scoring a run. This outburst was highlighted by a bases-loaded single by Danny Kelly.

Attempting to make a comeback the Realtors scored 3 runs in the bottom of the fifth. Tommy Townsend led off that inning with a walk and was sent to second on Jimmy Fletcher's single. After John Struck out, Ronnie Owen plated Townsend and Fletcher with a double off the glove of centerfielder Lindsey who made a hard run for the ball. Owen reached the plate on Randy Lisk's single, but Lisk ended the inning by trying to stretch it into a double.

ALTHOUGH the Flashes had scored eight runs in the previous five innings, their bats were not silenced as they scored two more

## Courts

### TITLE IS QUIETED

Judge John P. Case in an entry made Monday, issued an edict quieting title to certain property at Olive St. and Columbus Ave., finding that Henry Frydman, plaintiff in the suit, was entitled to the property.

Frydman had filed the action against Howard E. Baker and others, and the case was heard before Judge Case on its merits.

William Langley Scott, 23, Morgan County, Air Force, and Patricia Ann Roberts, 20, Route 1, city, bookkeeper, daughter of Mrs. William Roberts.

Somberness Is Keynote For Graduates

By THE ASSOCIATED PRESS  
With many of this year's commencement ceremonies out of the way, Ohio's college graduates prepare now to step out into what commencement orators paint as a sad and mournful future.

Bleakness marked the tone of commencement speeches Monday as 733 seniors and graduate students received degrees from seven Ohio colleges and universities.

Norman Cousins, editor of the Saturday Review of Literature, speaking at Wilmington College, said the human race faces extinction if atom and H-bomb tests continue.

Sen. Frank Lausche (D-Ohio) addressing the Capital University commencement, told students that "if America is only an idea of making things and selling things, then the New World has failed in its promise."

At Oberlin College, Milburn P. Akers, executive editor of the Chicago Sun-Times, cautioned that unless we preserve our spiritual and moral values, our way of life will "degenerate and disappear."

Other speakers at Kenyon and Western College talked in similar veins. Lausche perhaps summed up the general somberness: youth has been required to come so quickly to full responsibility and maturity."

via a base cleaning single by Myron Lambert.

Billy Halliday retired the Realtors in order in their half of the inning to put the game away for the Flashes.

Tonight's Little League action features the Coca Cola Jets against the Sunshine Cubs.

Thursday the Med-O-Pure Cowboys will tangle with the Korn Kernels, and Friday the Sunshine Cubs will take on the Flashes. The first double header of the 1957 season will be played Saturday with the Realtors meeting the Cowboys in one tilt and the Kernels against the Jets in the other.

### Ike Planning Cruise

WASHINGTON (AP)—President Eisenhower and a group of his top aides will observe maneuvers from aboard the new supercarrier Saratoga off the Florida Coast Thursday and Friday.

## C. of C. Speaker To Diagnose John Public's Buying Habits

Why is it that John Doe, citizen, buys the big car with the two-tone paint job instead of the little foreign model?

Or why does his neighbor buy the little foreign model instead of the big car with the two-tone paint job?

Don Brockman, assistant to the director of sales planning at the Standard Register Co., Dayton, will try to answer these questions at the annual meeting of the Washington C. H. Chamber of Commerce Thursday at the Country Club.

President of the Dayton Toastmasters Club, Brockman will speak on "What Makes People Buy?"

RESERVATIONS for the banquet, which will feature Brockman's talk, reports from Chamber officers and a fried chicken dinner must be in by Tuesday night, Chamber Manager William Stoughton said.

Formerly a specialist in all phases of direct mail advertising, Brockman has worked in sales pro-

## Rural Mail Box Fix-Up Time Is Here Again

Don't look now, but good old Rural Mail Box Improvement season has rolled around again.

Caught you with your banners down?

Well, the U. S. Post office doesn't ask for banners.

All they want is for folks on rural mail routes to take a little time during the next couple of weeks to make sure their mail boxes are in serviceable shape.

"Names of owners must be painted on the side, visible to the carrier," Postmaster Clark Wickensimer observes, adding, "the boxes and supports should be painted."

"The bottom of the box must be 3 1/2 to four feet above the roadway, and the whole unit must be located on the right side of the road in the direction of the carrier's travel."

And—ah—one other thing. Try to get those wasps nests out of there!

## Airport Boss Sees House Moved Again

COLUMBUS (AP)—Airport superintendent Francis A. (Jack) Bolton has been forcibly reminded again that Port Columbus municipal airport here is expanding.

For the second time in four years, the house where Bolton and his family live is being displaced by construction of new airport facilities. The Bolton home was almost removed on another occasion. A Navy plane, making a forced landing, cropped off a corner.

## New Recreation Program Begins

### City Park Cage Court Is Readied

About 70 youngsters and approximately a dozen adults took advantage of a new city-county recreation program on opening day at the two community parks. Monday.

"It's a fine start," Program Director Fred Domenico said.

"Naturally, those figures don't indicate much of a crowd," Domenico admitted, adding, "but we expect it will take a couple of weeks for the idea to catch on, and that's a good way to begin."

First orders of business now are the basketball court, being blacktopped at the City Park on Millikan Ave. and the softball diamond under construction at the other end of the same park.

"THE COURT may be ready in a few days; the diamond will take a little longer," Domenico predicted.

About 45 grade school youngsters showed up Monday morning to take part in relay and throwing games, as well as improvised softball. Domenico observed. An additional 25 turned out for volleyball in the afternoon.

Adults were out playing tennis until late, he added.

"I'd like to get some more youth volleyball teams—mixed if possible—and some softball groups," the director said.

The organized program will be conducted from 8 a. m. to 9 p. m. Monday through Friday throughout the summer at the City Park on Millikan Ave. and Gardner Park on Circle Ave. Domenico is in charge of the program. Assistant is Roger McLean and Jim Wilson, former Washington C. H. High School athletes.

## Grand Jury Shuns Arson Case Data

CANTON (AP)—George W. Wright, 60, Alliance, jailed May 7 for arson in connection with a fire at an Alliance residence in which a woman boarder perished, was freed Monday after the Stark County grand jury failed to consider the case.

Prosecutor Norman J. Putnam said Wright had been cleared of any criminal charge in the blaze which resulted in the death of Mrs. Pauline Dixon.

The prosecutor said investigators learned that a person who claimed to have seen Wright near the burning residence had misinformed them.

## Judge Files Demurrer To Walls Petition

Judge John P. Case of Common Pleas Court Tuesday afternoon filed a demurrer to Mrs. Beverly Clickner Walls' petition in which she asked the district court of appeals for a writ to prohibit the Fayette County judge from taking any action in her case.

Mrs. Walls had asked the Court of Appeals to strike from the Common Pleas Court record Lere Judge Case's entry and order continuing her trial for embezzlement from June 3 and barring her attorney, J. Harvey Crow of Urbana, from representing her or any other client in his court.

Mrs. Walls, under indictment for embezzlement of \$9,874 from the Washington C. H. High School activity fund while a clerk in the office of the principal, was to have gone on trial the day Judge Case filed his demurrer.

Crow was disbarred by a three-judge court, of which Judge Case was a member, a little more than two years ago. He appealed to the Court of Appeals and was granted a stay of execution. He continued to practice under the stay until the Court of Appeals affirmed the lower court's disbarment and made the final entry May 24.

Crow carried his appeal to the Ohio Supreme Court, which will hear his arguments for a stay of execution June 12.

Judge Case's demurrer of only 45 words contends Mrs. Walls' petition "does not state facts essential and necessary to justify the issuing of a writ of prohibition."

## Tractor-Mower Contract Awarded By City Manager

Contract for a new tractor-mower was awarded Tuesday by City Manager James F. Parkinson to Denton's Farm Implement Co. which submitted a net bid including trade-in allowance of \$1,764 on an International.

Parkinson pointed out that the Fayette County Farm Bureau Co-op. had submitted a lower bid of \$1,664.46 on a Ford, but that the second low offer was accepted because the International provides 10 additional horsepower and 1,300 pounds of additional weight.

The extra weight and power are needed because a tractor-mower is used to pull the city's heavy leaf-gathering machine during the fall months. Parkinson pointed out.

## Deaths, Funerals

### Mrs. Raymond Miller

Mrs. Mary Sexton Miller, 56, a native of Washington C.H., died at her home in Springfield early Tuesday morning. She had been in failing health for the last six months.

Although Mrs. Miller had lived in Springfield, she returned to Washington C. H. frequently to visit with relatives and old friends.

She is survived by her husband, Raymond Miller, and two sons, Robert and David, both now in the Navy.

She also leaves three sisters, Mrs. Lyda Donohoe, Mrs. Altha Snider and Miss Ruth Sexton, and two brothers, R. Clayton Sexton and C. Virgil Sexton, all of Washington C. H.

Arrangements for the funeral and burial have not been completed, pending word from her sons.

### Bert Palmer

Bert Palmer, 84, long-time resident of Clinton and Fayette counties, died at 7 a. m. Tuesday in the Carr Nursing Home, Palmer Rd. He had been in failing health for some time, but death came unexpectedly.

Survivors include an adopted son, Elmer Palmer, near Greenfield.

Arrangements, in charge of the Littleton Funeral Home, Sabina, are incomplete.

### MRS. SARAH FISHER—Services

for Mrs. Sarah E. Fisher, who died Friday in the Elizabeth Ann Nursing Home, were held at 2 p. m. Monday in the Parret Funeral Home. The Rev. Don McMillin, of the First Christian Church, officiated.

Mrs. Kenneth Bonecutter and Mrs. Robert Harper sang "Rock of Ages," and "Beyond the Sunset." Pallbearers were Ralph, Robert and Darrell Fisher, Forest C. Smith, Dallas Hess and Joseph Longberry. Burial was in Pleasant Cemetery, Mt. Sterling.

### Phone Expansion Set

CIRCLEVILLE (AP)—The Ohio Consolidated Telephone Co. today announced a \$1 million improvement program to establish a new dial telephone system in the Circleville area by September, 1958.

## New Traffic Light At Market, Delaware

The City of Washington C. H. put its 21st traffic light in operation Tuesday—at the intersection of Market and Delaware Sts.

The light was authorized by City Council some time ago, but the installation was held up pending completion of the city's new Monotrol traffic light system in the downtown area.

The delay saved the municipal treasury something over \$200, since one of the controllers used in the old system was salvaged and is being used to operate the new light.

The Market-Delaware intersection has been the scene of a number of bad accidents in recent years, and Council felt that the volume of traffic there easily justified a traffic signal.

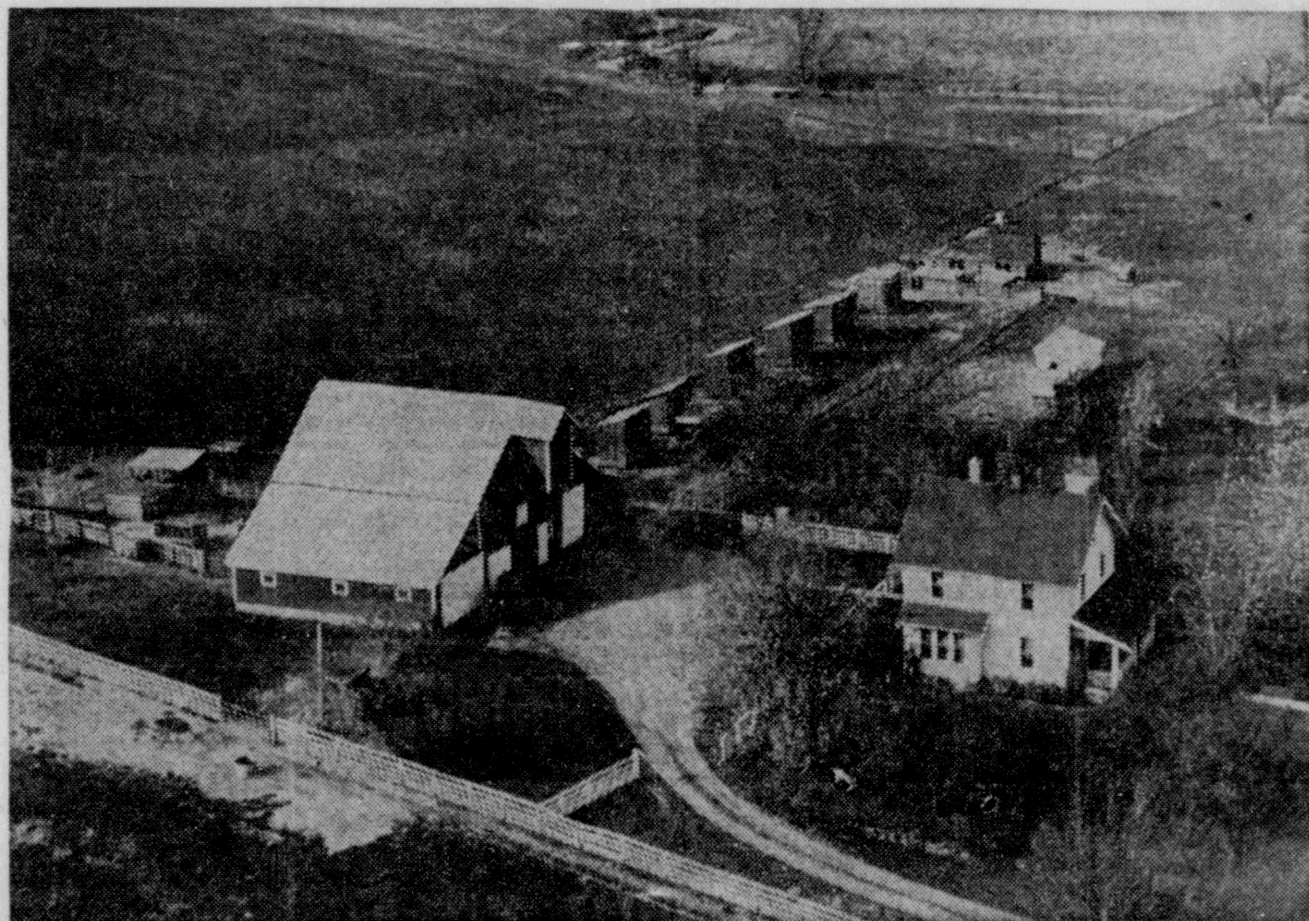

### Jap War Ace Killed

HAMAMATSU, Japan (AP)—Maj. Teruhiko Kobayashi, 37, Japanese pilot credited with downing 12 American bombers and four fighters in World War II, died today in a jet crash near here.
